

CORE MESSAGING

WKHC202

LG WashTower™ Single Unit with Center Control®
Front Load 4.5 cu. ft. Washer and 7.2 cu. ft. Heat Pump Ventless Dryer

LG's smart vertical laundry solution puts easy access and advanced cleaning within reach—now with a ventless dryer

The one-of-a-kind LG WashTower™ now has a ventless dryer for greater energy savings and installation flexibility. But it's still loaded with all of the features that put it at the top of everyone's "it" list. The single unit design takes up half the space,* giving you room to add a sink, a folding table or whatever you like. But unlike conventional stacked pairs, LG's exclusive Center Control® panel is perfectly positioned with both washer *and* dryer controls at just the right height. Built-in intelligence makes laundry less of a chore by taking out the guesswork, while top-of-the-line innovations put advanced cleaning power within reach.

Single Unit WashTower™ Design

EVERYTHING YOU WANT IN HALF THE SPACE*—PLUS EASY-REACH CONTROLS

Dual Inverter Heat Pump Technology

OUR BEST, MOST ENERGY EFFICIENT VENTLESS DRYER

Built-In Intelligence

BUILT-IN INTELLIGENCE TAKES OUT THE GUESSWORK

Available in:

Black Steel

Now available with a go-anywhere ventless design for greater energy savings and installation flexibility—no ducting required

*Half the functional floor space.

Single Unit WashTower™ Design

EVERYTHING YOU WANT IN HALF THE SPACE*—
PLUS EASY-REACH CONTROLS

- Redefine your space and reinvent how you do laundry with room to add a sink, a folding table or just organized storage—all with a sleek, streamlined look
- Only LG WashTower™ has the convenient Center Control® panel that's perfectly positioned with both washer *and* dryer controls at just the right height
- Typical stacked washers and dryers place dryer controls at the very top, making them hard to see and reach without using a step stool every time

* Half the functional floor space.

LG WashTower™

Dual Inverter Heat Pump Technology

OUR BEST, MOST ENERGY EFFICIENT VENTLESS DRYER

- A more modern approach to drying, LG Dual Inverter Heat Pump technology uses less than half of the energy to dry every load**
- The low temperatures are easier on clothes and can help them look their best for longer
- With no need for venting, it's easy to install and is virtually maintenance free

** When compared with comparable vented dryer, based on Intertek testing in normal cycle, 8.45 lb. load, WKHC202HBA vs. vented dryer DLEX4000W (December 2021).

DUAL Inverter Heat Pump

Built-In Intelligence

BUILT-IN INTELLIGENCE TAKES OUT THE GUESSWORK

- Forget about endless sorting or toggling through cycles—built-in sensors use AI technology to detect fabric texture and load size, then automatically select the right wash/dry motions, temperatures and more for advanced fabric care
- Activate Smart Learner† in the ThinQ® app, and WashTower™ will remember your preferred settings, from wash temp to spin speed to dry level—so you don't have to
- With Smart Pairing†† the washer can even tell the dryer to select a compatible drying cycle, making it the ultimate laundry hack

† When normal cycle is selected on control panel.

†† Both washer and dryer need to be registered in LG ThinQ® app and connected to wi-fi to set up Smart Pairing feature.

Additional Features

Cleaning Performance

ADVANCED WASHING AND DRYING WITH LG'S BEST CLEANING SYSTEM

- TurboWash® 360° powers through larger loads in less time, thanks to five jets with variable sprays that deliver a complete clean in under 30 minutes*
- The Allergiene® wash cycle goes beyond everyday cleaning, using the power of steam to remove allergens such as dust, pollen and pet dander in fabrics by more than 95%**

* Based on independent testing comparing models WKEX200/WKGX201 and WM3900 in normal cycle with TurboWash® option, 10 lb. load (June 2020). ** Based on certification by the Asthma and Allergy Foundation of America (AAFA).

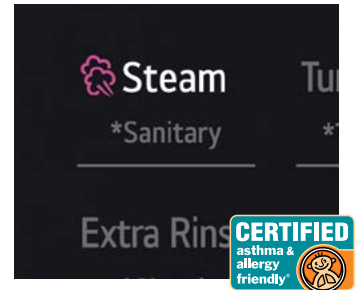

Healthy Home Solution

REDUCE ALLERGENS SUCH AS DUST, POLLEN AND PET DANDER IN FABRICS BY MORE THAN 95%†

- The Allergiene® cycle uses the gentle power of steam to remove dust, pet dander and pollen from bedding, baby clothes and more
- A proven tool for creating a healthier home—perfect for the more than 65 million Americans living with asthma and allergies

† Based on certification by the Asthma and Allergy Foundation of America (AAFA).

Smart Features

SAVE TIME AND SIMPLIFY LAUNDRY DAY

- Use the ThinQ® app to start the laundry while you're out shopping,†† check remaining cycle time or get notifications on your smartphone
- Go hands-free—select features work with Alexa and the Google Assistant
- Never run out of detergent again—Amazon Dash Replenishment Service tracks usage and automatically delivers your favorite detergent right to your door
- ThinQ Care provides monitoring of key functions behind-the-scenes to protect your investment and keep your appliances running smoothly

†† Appliance must be set to remote enable. Wi-fi and ThinQ® app required. Features subject to change.

Tempered Glass Doors

PREMIUM LOOKS DESIGNED TO LAST

- LG front load washers and dryers use tempered glass doors for a sleek, stylish look that resists shock and scratches
- Chrome rim complements the doors and enhances the premium feel

Ultra Large Capacity

GO BIG TO SAVE TIME AND GET MORE DONE

- Say never again to never-ending piles of laundry—ultra large capacity fits more clothes in every load and helps you power through laundry day in less time
- With 4.5 cu. ft. in the washer and 7.2 cu. ft. in the dryer, you can fit big loads of towels, jeans or a king-size comforter, for big time savings every week
