Easy DIY or Professional Installs

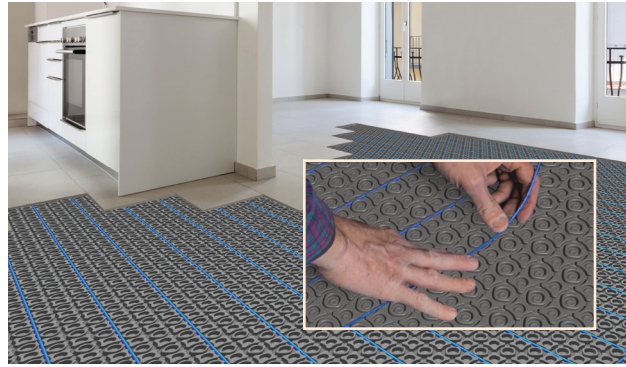

Choose How to Warm Your Floors:

Simple Cut & Go Cable Strap Installs

WarmWire® with CableStrap®

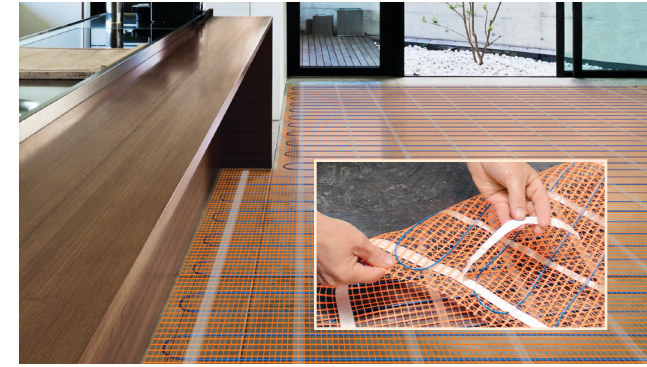

- Perfect for going around corners or curves
- Easy-to-cut cable strap adheres to the subfloor for more flexible low profile, adjustable spacing
- Available in adjustable spacing intervals

Snap-in, Flexible Installs

WarmWire® with HeatMatrix™

- Perfect for protecting your tile and stone from cracking
- Provides a waterproof layer for damp or wet areas in your home
- Easy roll out for simple press-in installations

Quick, Roll-Out Installs

TapeMat® (Standard, Custom & ShowerMat)

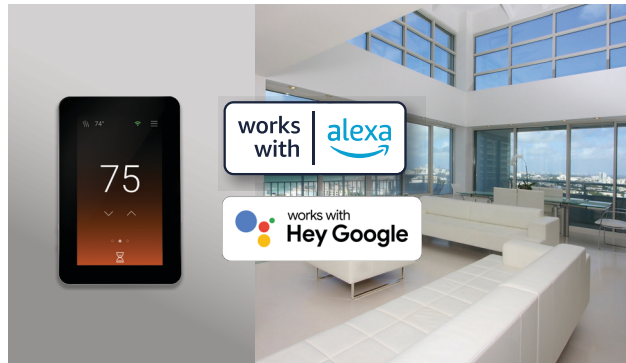

- Easy peel-and-stick tape for speedy installs
- Get custom measurements based on your floor plan
- Safe to install in showers for extra warmth

Easy Retrofit Installs

UnderFloor™ Mat

- No renovation required - enjoy warmth without replacing existing flooring
- Easy installs between floor joists
- Works with any type of flooring, including nail-down hardwood

Smart Thermostat Controls

SunStat® ConnectPlus™ Thermostat

- Easy floor warming control through voice commands
- Perfect for remote control through the Watts® Home app
- Energy-efficient features help save energy and money
