

Use and Care Manual

Check before use: Before use, please ensure that the folding chair is not broken or cracked and the product is intact.

Proper placement: The folding chair should be placed on a hard, flat surface and avoid use on a tilted or soft ground to prevent falls or damage.

Load control: Folding chair has load limit, do not overload use. Try to avoid sitting down for a long time to prevent excessive pressure on the chair.

Pay attention to cleaning: Wipe the surface of the chair regularly with a soft, damp cloth to remove dust and dirt to keep it clean and extend its service life. Avoid harsh or corrosive cleaners.

Moisture-proof sunscreen: Avoid prolonged exposure to sunlight or humid environments to prevent deformation, discoloration and other problems. Avoid spending long periods outdoors or near a radiator.

Avoid heavy pressure storage: Folding chairs should be kept under pressure for a long time to prevent deformation or damage. It is recommended to place the chair against the wall or flat.
