Product Overview

Designed for most sewer outlets, stack vents and storm gutters, the Husky Encased Sewer Rod features a sturdy spear-shaped boring head that penetrates the most stubborn clogs. It comes in a self-storing, rust-resistant plastic case with a winding handle. It can be used to clear clogged drains that range from 4 in. to 10 in.

Operating Instructions

Step1.

Extend the steel cable with boring head and feed into sewer drain.

Step2.

Move the cable back and forth until the clog is clear.

Step3.

Pull the steel cable out of the drain and rinse thoroughly.

Step4.

Carefully wind up the steel cable into the plastic case.
