

Operation

OPERATING THE LED VENTILATION FAN

- ❑ Move the light wall switch to the ON position to turn the light on.
- ❑ Move the light wall switch to the OFF position to turn the light off.
- ❑ Move the fan wall switch to the ON position to turn the fan on.
- ❑ Move the fan wall switch to the OFF position to turn the fan off.
- ❑ To change to night light mode while using the main light, switch the light wall switch off then back on again within 3 seconds.
- ❑ To change to main light mode while using night light mode, switch the light wall switch off then back on again within 3 seconds.

NOTE: Lighting operation only apply to BF1103.

CAUTION: If you connect the light and fan on two separate switches, light and fan will operate independently. If you connect the light and fan on one switch, the light and fan will operate as the same time, preventing the night light from being on without the fan. Do not connect the fan to a dimmer.

Care and Maintenance

WARNING: Disconnect power supply before servicing.

- ❑ See SAFETY INFORMATION before proceeding. Routine maintenance should be done at least once a year.

- ❑ Never use solvents, thinner or harsh chemicals for cleaning the fan.
- ❑ Do not allow water to enter the motor.
- ❑ Do not immerse metal parts in water.

Specifications

FOR USE WITH DIMMER MODELS:

LUTRON: DVCL-153PR, MACL-153MLH-WH, P-PKG1W-WH-R, STCL-153PH-WH

LEVITON: R11-DSL06-1TW, R00-RNL06-0TW, R68-06674-POT, R02-DW6HD-2RW

LEGRAND: RHCL453PNICCV4

TP-LINK: HS220

COMMERCIAL ELECTRIC: HPDA311CWB

For a complete list of compatible dimmers, please visit Homedepot.com

NOTE: Only suitable for BF1103.

Model NO.	Airflow	Main Light	Night Light	Voltage	Duct Diameter	Sound Output	Power Consumption		Weight	Ceiling Opening Dimensions Requirements
							Fan	Light		
BF1101	50 CFM	-	-	AC 120 V 60 Hz	3 in.	1.0 Sone	16W	-	3.60 Lbs	7.36 in. x 7.68 in.
