

SPLASHBACK TILE

Specification Sheet

Corrie Metal Mosaic Series

A unique, contemporary look, this clean geometric design with metal stainless steel is chic and visually striking. These metal tiles are a mixture of concave and convex circles. This is a great alternative to use for in a kitchen backsplash, feature wall or as decorative borders. Please note this tile is not recommended to be installed on the floor. Each lot of metal is unique and slight variations may be present. Metal mosaics are not recommended for showers or floors.
