SIGNATURE FEATURES

Remote Control

Remote control allows you to maintain the room temperature from anywhere in the room, so you can remain comfortable at all times.

Programmable 24-Hour On/Off Timer

With the 24-Hour On/Off Timer, you can ensure your home will be cool and comfortable when you want it to be without having to worry about running up your utility bills. The built-in timer allows you to preset the unit to turn on and off in half-hour increments.

Energy Saver Mode

Reduce your utility bills in this mode. It cools similarly to central air, with the unit turning on and off at different intervals to ensure the room temperature stays at the set temperature.

Multi-Speed Fan

Features three different fan speeds, for more cooling flexibility.

MORE EASY TO USE FEATURES

Supplemental Heating Option

With our supplemental heating capability, you can be comfortable regardless of the temperature outside — you have both heating and cooling solutions.

Sleep Mode

With Sleep Mode, the temperature gradually increases a few degrees over the evening, saving energy and creating a comfortable environment during the evening hours.

Easier Installation

With the slide-out chassis, you have an easier solution to installing your air conditioner. First install the outer cabinet of the AC in the window, then slide the interior of the air conditioner into place.

Effortless™ Restart

Automatically resumes operating at its previous settings when power is restored to your unit.

Clean Filter Alert

Alert notifies you when your filter needs to be cleaned so you don't have to keep track of it yourself. **Ready-Select® Controls** Easily select options with the touch of a button.
