FEATURES

- Built-in hands-free leveling adjusts up to 7 inches to help stabilize the ladder on uneven surfaces, stairs, slopes, and rough ground.
- 5-in-1 multi-position ladder transforms into an extension, double-sided twin step, stairway, 90° wall and two self-supported scaffold bases with adjustable height and position combinations for maximum versatility on the job.
- 375 lb. load capacity per side with Type IAA duty rating for pro-grade performance.
- PowerLite® rails balance strength and lightweight mobility for easier transport around the jobsite.
- Shatterproof J-Locks and oversized impact-resistant push knobs for lasting durability.
- Adjustable telescoping design delivers maximum versatility for one- or two-person jobs.
