

CHIMNEY SWEEP KIT

- 10 Rods
- Length: 33 ft/10 m
- Flexible & Efficient

Chimney Sweep Kit

33ft Long & Two Brush Heads & 10 Rods

- Are you ready to single-handedly clean your stove or chimney? No ladders are needed. With this premium chimney sweep kit, you can reduce fire hazards and consumption of electric power by sweeping away soot from bottom to up effectively. The kit contains 10 rods with a secure locking button that allows you to connect and detach easily. The bristles are also stiff and can use for power sweeping or hand sweeping. Suitable for both metal flues and brick chimneys of different shapes. Don't just stand there. Get your fire roaring again with VEVOR!
- Durable Nylon Rods
- Flexible Brush Head
- Quick Locking System
- Easy to Use & Clean

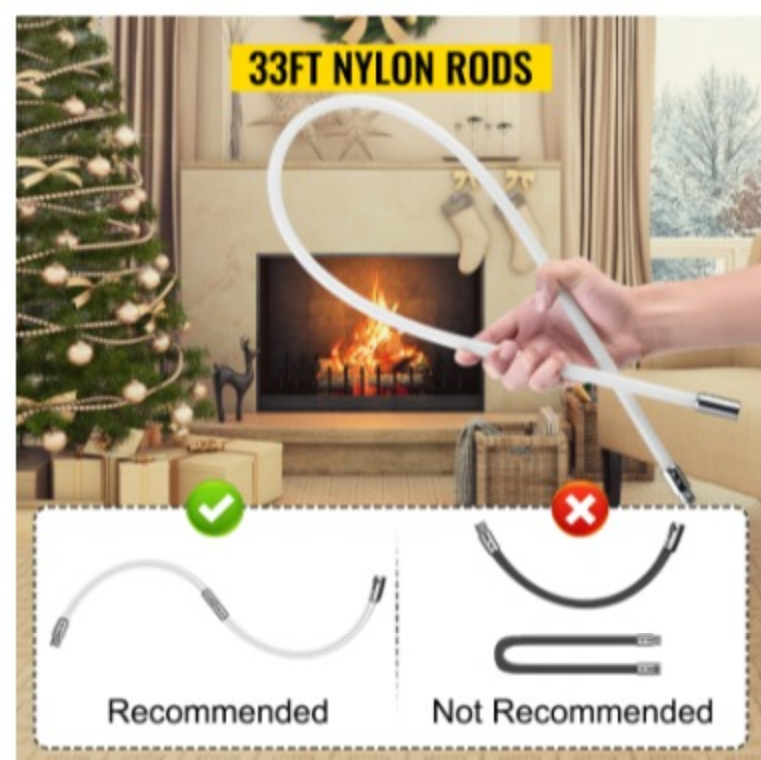

Tough Equipment & Tools, Pay Less

VEVOR is a leading brand that specializes in equipment and tools. Why Choose VEVOR?

- Premium Tough Quality
- Incredibly Low Prices
- Fast & Secure Delivery
- 30-Day Free Returns
- 24/7 Attentive Service

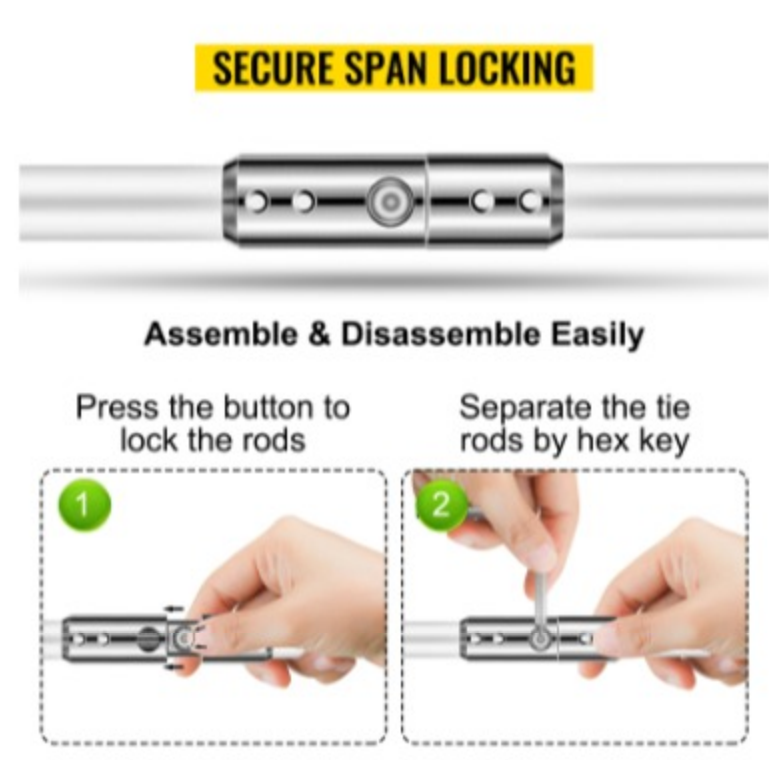

33ft Nylon Rods

Quantity: 10 Rods. Each length: 39.4 in/100 cm. The material of our chimney rod is high-density nylon, making it bend easily up to 45 degrees and not break off. It has good elasticity to get through those tough flue bends, making it possible to clean the chimney flexibly.

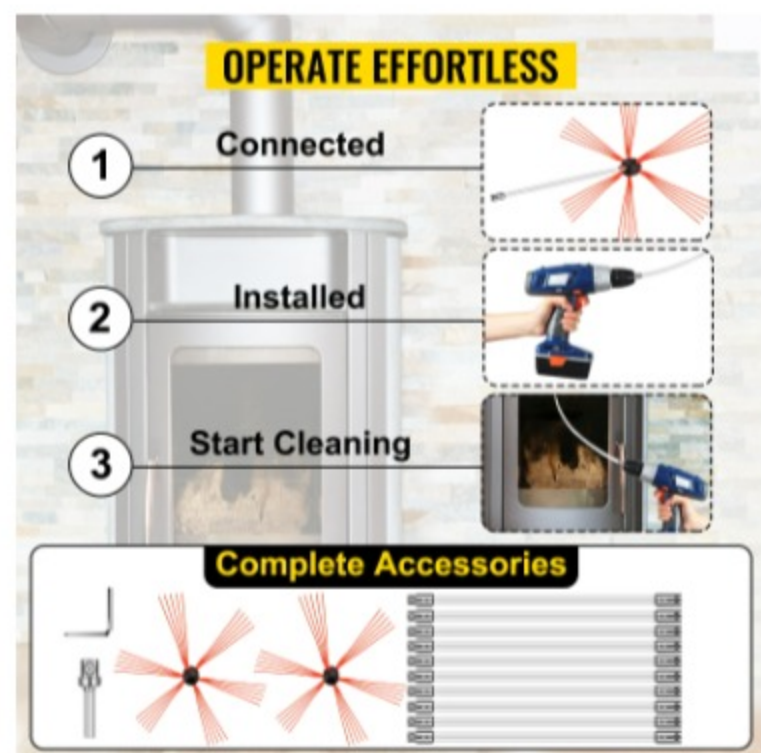

Elastic Brush Head

This brush head is made of reinforced nylon and rubber composite material, ensuring durability and a long service time. The bristles come with a unique sharp-edged rectangular shape, making sweeping more efficient and not damaging to the flue even in high-speed cleanings.

Secure Span Locking

Our chimney sweep brush is simple to assemble or disassemble because of the span locking system. Thanks to this unique locking button, you can link the rods tightly, and they will not loosen in any direction of rotation (clockwise or counterclockwise).

Operate Effortlessly

Complete accessories included, this chimney brush kit operates without effort. First, connect the rod and head. Then, put the brush into the flue, and install the rod on the drill. Finally, start cleaning the chimney with the drill in no time.

Superior Cleaning Effect

A clean chimney will allow air to circulate, allowing the wood to burn continuously in the fireplace. Look at the comparison above! Our chimney sweeping tools can efficiently clean soot and grease that has accumulated inside the chimney or on the roof.

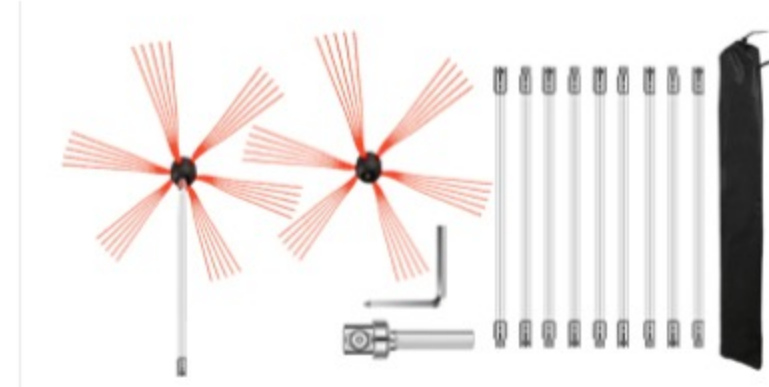

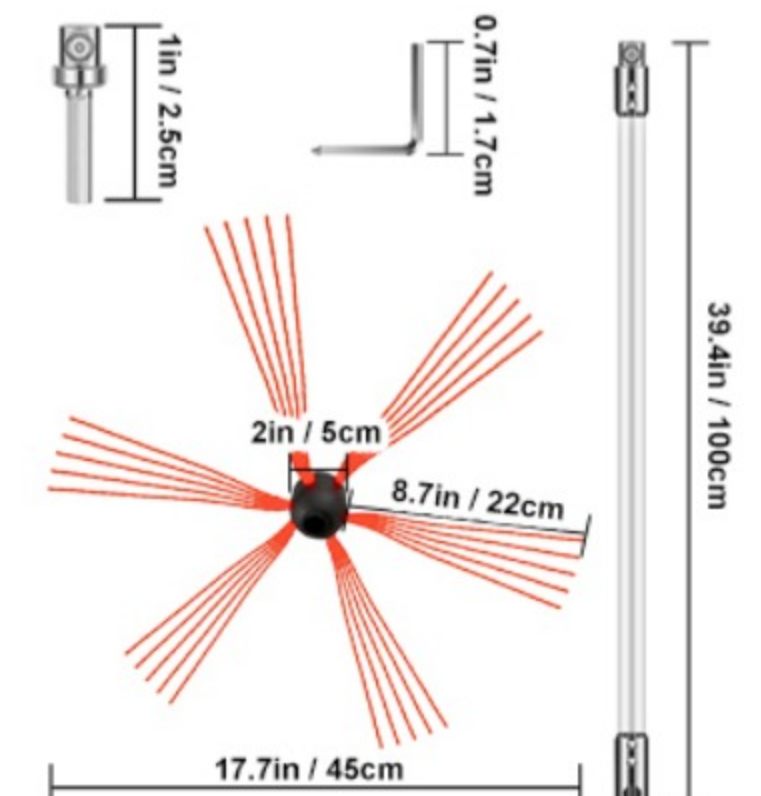

Extensive Uses

This chimney sweeping kit is adjustable, allowing it to match your various needs. It is not only suitable for both metal flues and brick chimneys but also ideal for pipes of different diameters and shapes like square chimneys, rectangle chimneys, arch chimneys, etc.

Specifications

- Material: Nylon
- Main Color: White
- Overall Length: 33 ft / 10 m
- Brush Length: 8.7 in / 22 cm
- Brush Cleaning Range: 4-12 in / 10-30 cm
- Male Thread Size: 0.5 in / 1.27 cm
- Strand Cleaning Diameter: 12-24 in / 30-60 cm
- Spanner Size: 0.7 in / 17 mm
- Net Weight: 5.6 lbs / 2.54 kg
