- 30-Day Free Returns
- 24/7 Attentive Service

1100 lbs Loading Capacity

With 1/2 ton/1100 lbs of load-bearing capacity, the telescoping transmission jack provides a wide range of versatility designed to help increase shop productivity.

EXTENDING LENGTH: 33-1/2"-67"

Extending Length: 33-1/2" -67"

Great lift range due to the telescopic two-stage hydraulic ram, the transmission jack can extend from 33-1/2" to 67". The jack is raised by pedaling, so there is no need to bend over.

FULLY ADJUSTABLE SADDLE

Adjustable saddle for ease of alignment

Fully Adjustable Saddle

The oversized saddle provides a wide tilt range and features adjustment knobs for controlling tilt to fit a variety of transmissions.

EASY TO MOVE

Easy to Move

An auxiliary ring is fixed at the middle of the hydraulic transmission jack for easy transmission control. And 4 pcs swivel casters add effortless maneuverability.

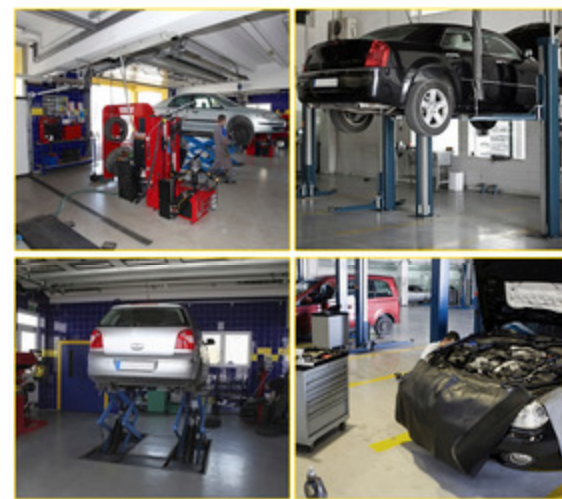

STRONG STEEL CONSTRUCTION

Strong Steel Construction

Our jack is made of strong heavy-duty steel construction for maximum durability, and a paint-coated surface for rust resistance.

WIDE APPLICATION

Wide Application

This transmission jack can be used in many places, such as car repair stations and car gearboxes. Deal with the objects weighing no more than 1100 lbs effortlessly.
