

 **ROBERTS®**

**SAVE STEPS.
SAVE TIME.
SAVE MONEY.**

Roberts® premium adhesives have been enhanced to simplify your moisture mitigation process to a one-step application; saving you time and money. With moisture-related flooring issues on the rise, Roberts Moisture Control Adhesives will allow you to maintain the integrity of your flooring installation.

**Gain peace of mind on your next flooring installation.
Roberts® Moisture Control Adhesives**

Withstands up to 10lbs MVER / 90% RH

R6300 Superior Pressure Sensitive Adhesive

High performance pressure sensitive adhesive formulated for use with a variety of vinyl backed carpets, particularly modular carpet tiles.

- **Moisture Control – Up to 10lbs MVER / 90% RH**
- Releasable bonding properties for ease of replacement or repair
- Dries quickly, offers a high shear strength and has outstanding plasticizer migration resistance
- Solvent-free, LEED® compliant (VOC 9.7g/L) and CRI Green Label Plus Certified
- Traffic – heavy commercial

3095 Superior Carpet Adhesive

Extremely fast grabbing adhesive designed for the most demanding carpet installations to hold down the most rigid backings, including closed cell backings.

- **Moisture Control – Up to 10lbs MVER / 90% RH**
- High solids, high tack formulation for a persistent bond
- Excellent for double-bond installation method
- Solvent-free, LEED® compliant (VOC <1g/L) and CRI Green Label Plus Certified
- Traffic – heavy commercial

Withstands up to 8lbs MVER / 85% RH

3300 Superior Multipurpose Adhesive

Developed for the installation of most types of commercial carpet and felt-backed sheet vinyl floor coverings.

- **Moisture Control – Up to 8lbs MVER / 85% RH**
- High solids formula for strong grab and reduced bubbling and curling
- Remains tacky with great repositionable characteristics
- Solvent-free, LEED® compliant (VOC <1g/L) and CRI Green Label Plus Certified
- Traffic – heavy commercial

R7901 Superior Vinyl Flooring Adhesive

Designed for the installation of most vinyl-backed or solid vinyl flooring with up front pressure sensitive characteristics for permanent installations.

- **Moisture Control – Up to 8lbs MVER / 85% RH**
- Delivers excellent initial grab and early bond strength with optimal working time
- Outstanding plasticizer migration resistance
- Solvent-free, LEED® compliant (VOC 9.8g/L) and CRI Green Label Plus Certified
- Traffic – heavy commercial

2057 Superior Vinyl Composition Tile Adhesive

Formulated for the installation of vinyl composition tile (VCT), including tile-over-tile installations

- **Moisture Control – Up to 8lbs MVER / 85% RH**
- Dries clear to allow chalk lines to remain visible
- Good residual tack and extended working time
- Solvent-free, LEED® compliant (VOC <1g/L) and CRI Green Label Plus Certified
- Traffic – heavy residential / moderate commercial
