

PRODUCT CARE

Daily Maintenance

- * This product is an indoor sofa. In order to prevent fading or deformation, please do not expose the sofa to the sun for a long time.
- * If there is a colored liquid sprinkled on the surface of the sofa, you need to remember to clean up in time.

Regular Dust Removal

- * Wipe the dust on the sofa surface and the gap between the armrest and the back on both sides with a relatively dry towel.
- * Use a small vacuum cleaner (don't use a brush) to clean the dust on the sofa, but it's better to use some professional furniture cleaner for the stains that are difficult to remove on the sofa.

Renovated Sofa Cover

- * Sofa used for a long time, more or less there will be some stains and traces, the best way to solve this problem is to make a set of cloth sofa cover according to the size of the sofa, so that the usual dust, stains on the whole sofa cover, regular cleaning of the sofa cover can be.
