

Tumbleweed Cube®

Assembly Instructions.

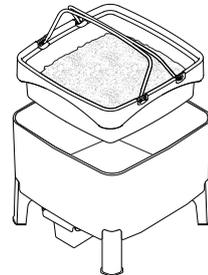

- 1** Snap all four legs into the Collector Tray.

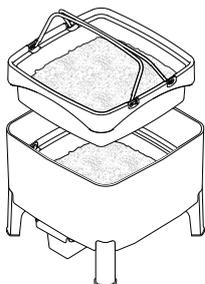

- 2** Slide the Collector Bucket into place below the drainage hole.

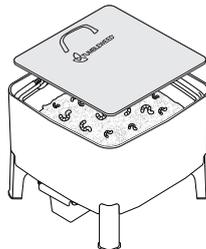

- 3** Place one Working Tray inside the Collector Tray. Add 3/4 of your expanded Bedding Block into this Working Tray.

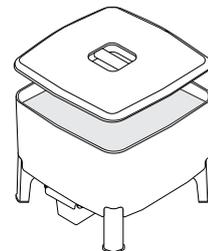

- 4** Stack the second Working Tray onto the first Working Tray. Add the remaining 1/4 of the expanded Bedding Block to this tray.

- 5** Add your worms into the top Working Tray and place a Tumbleweed Square Worm Blanket over the surface.

- 6** Attach the lid. You're ready to feed your worm farm with 2-3kg kitchen scraps every week into the top Working Tray.

What to recycle?

Worms will recycle anything that was once living. Feed your worm farm with:

- ✓ Veggie peelings
- ✓ Leafy Green vegetables
- ✓ Fruit cores & peelings
- ✓ Tea bags
- ✓ Coffee grounds
- ✓ Egg shells
- ✓ Newspaper & shredded paper
- ✓ Vacuum cleaner dust
- ✓ Small amounts of citrus & onion

Why recycle?

Did you know that almost 45% of household waste is organic and recyclable? The Tumbleweed Cube® is great for all ages, to recycle food waste into soil that can be used to grow your own food. Worm Farming has never been easier, embrace the Sustainable Revolution!
