- Replacement blades available (SKU # 1003067547)

Product Overview

Husky's Close Quarter Hacksaw features a compact design and unique saw shape ideal for cutting in tight spaces. It features a sturdy aluminum frame and an ergonomic grip handle that provides comfortable use. The heat-treated, high-quality carbon steel blade can be extended up to 10 in. for a longer reach and blade changes are easy with the loosening of just one screw. The blade is designed to cut medium-gauge metals, such as sheet metal, angle iron, bolts, channels, drill rods, threaded rod, pipes and tubing 1/16 in. up to 1/4 in sizes.

Operating Instructions

1. Loose blade screw with screwdriver.
2. Carefully remove blade from channel.
3. Insert new blade.
4. Re-tighten blade screw.
