Steel

Performance

INDUCTION PRECISION, PLUS ALL THE WAYS YOU WANT TO COOK

- **Induction Cooktop** — offering precision, speed, and responsiveness for super-fast water boils and scorch-free simmering, induction technology uses electromagnetic energy to heat only your cookware—for greater energy efficiency, safer cooking and easier cleanup
- **Air Fry** — with huge capacity and no preheat needed, make enough crunchy favorites like wings, fries and more to feed a crowd while saving time and counter space—Air Fry basket included
- **Air Sous Vide** — using low oven temperatures and airflow around vacuum sealed ingredients, Air Sous Vide locks in moisture and flavor to deliver meats, fish and poultry that are tender, juicy and consistently delicious*
- **ProBake Convection**[®] — get superior baking and roasting results with a powerful element and dual-speed fan that efficiently circulates hot air throughout the oven, for greater consistency across all racks

* Refer to owner's manual for proper cooking instructions.

Convenience

CHECK ON FOOD IN AN INSTANT—AND MAKE CLEANUP JUST AS FAST

- **InstaView[®] Window** — see inside your oven without ever opening the door and letting heat escape—simply knock twice on the glass window
- **Automatic Cookware Detection** — for a safer experience, the induction elements only activate when induction-compatible cookware of the right size is detected, and deactivate when cookware is removed
- **Cookware Compatibility Indicator** — rates cookware compatibility for each element on a scale from 0 to 10 to help you optimize power output and performance and improve energy efficiency
- **Safer Operation & Easy Cleanup** — because induction heats only your cookware and not the cooktop, drips and splatters won't burn onto the surface, making cleanup a breeze
- **EasyClean[®] Cycle** — keep your oven looking like new with this 10-minute cycle—just spray the interior with water, touch the EasyClean[®] button and let the oven do the work, without chemicals or high heat, and easily wipe away the residue

Heavy build-up may require additional manual effort or use of the Self Clean feature.

Style & Design

SEAMLESS BUILT-IN LOOK, SLEEK CONTROLS AND A PRINTPROOF[®] FINISH

- **Slide-In Design** — places the controls up front for a built-in look that lets the beauty of your custom backsplash and countertops show through
- **SmoothTouch[®] Glass Controls** — deliver sleek style and easy operation with just a touch of your finger—the smooth surface easily wipes clean for a design that is as practical as it is stylish
- **PrintProof[®] Finish** — stainless steel finish resists fingerprints and smudges to keep your kitchen looking its best

**SLEEK
STYLE**

Additional Features

UltraHeat™ 4.3kW Element

QUICK BOIL OR TRUE SIMMER

- With 4,300 watts of power, you can quickly boil water or hold to a true simmer with ease

Large Capacity

ROOM FOR THE BIGGEST TURKEY AND YOUR SIDES

- This 6.3 cu. ft. range has generous capacity so you can cook for one, or cook for all
- Whether you're baking large batches of cookies or a 20-pound turkey and sides for the holidays, the oven can fit all the pots and pans you need to get your cook on

ThinQ® Smart Features

TAP INTO SMART FEATURES FOR FOOLPROOF RESULTS

- Use the ThinQ® app to start the oven, set timers or monitor from anywhere
- Go hands-free—select oven features work with Alexa and the Google Assistant
