

# Low-oil frying is just the beginning. This versatile machine cooks, bakes and broils – deliciously!

MultiFry is an innovative cooking appliance that's both a low-oil fryer and a multicooker. Now, you can easily prepare a wide variety of your favorite recipes on your countertop – from crispy french fries to sauces, from steaks to salmon. MultiFry even bakes pizzas, cakes and pies.

**1. CRISPY FRYING – MINIMAL OIL**  
MultiFry is an innovative low-oil fryer that allows you to prepare delicious recipes with little or no additional oil. Enjoy healthier versions of your favorite fried foods.

**2. ENDLESS POSSIBILITIES**  
With MultiFry's exclusive Surround Cooking System and automatic mixing paddle, you can prepare healthier fried foods and delicious favorites.

**3. EXCELLENT PERFORMANCE**  
The automatic mixing paddle consistently mixes food allowing you to fry, saute and roast a variety of recipes without stirring. Remove the paddle for grilling, broiling and convection baking right on your countertop.

**4. SURROUND COOKING SYSTEM**

The innovative construction of the two heating elements surrounds the food with heat for a fast, even cooking process.

**5. SAVE TIME – NO STIRRING**

MultiFry's automatic mixing paddle saves you time in the kitchen by stirring and mixing for you.

**6. BIG CAPACITY**

You can cook up to 3.7 lbs of fresh potatoes and 3.3 lbs of frozen for up to 8 servings of crispy french fries.

**7. SEE WHAT'S COOKING**

Easily monitor the cooking process through the BPA-free transparent lid.

**8. EASY CLEAN-UP**

Clean-up is easy with the removable and dishwasher-safe lid, paddle and bowl.

**9. EXPLORE THE MULTIFRY APP**

Choose from a variety of chef-tested recipes. Find favorites and discover new dishes. Visit [delonghi.com](http://delonghi.com) for easy-to-follow recipe videos.

**10. COOL TO THE TOUCH**

The exterior walls of MultiFry stay cool to the touch and won't heat up the kitchen like a conventional oven, making it ideal for family cooking.

# Low-oil frying is just the beginning. This versatile machine cooks, bakes and broils – deliciously!

**SCS (Surround Cooking System)**, De'Longhi's exclusive technology, delivers exceptional performance by surrounding the food with heat to cook it evenly: the upper heating element and fan deliver uniform heat from the top; the lower heating element delivers heat from the bottom; and the mixing paddle stirs the food automatically.

### UPPER HEATING ELEMENT + FAN

The combination of the 1200W heating element and fan provides a uniform distribution of heated air for convection and grill cooking resulting in better frying and cooking performance.

### DOUBLE HEATING ELEMENT + FAN

The second heating element is a unique feature in our low-oil fryers. Positioned under the bowl, it speeds up the cooking process and improves the quality of cooking for a greater selection of recipes.

### AUTOMATIC MIXING PADDLE

The paddle gently mixes food for consistent cooking. Removable for more recipe choices.
