

LED Lamp Wall Sconce

INSTALLATION SHEET

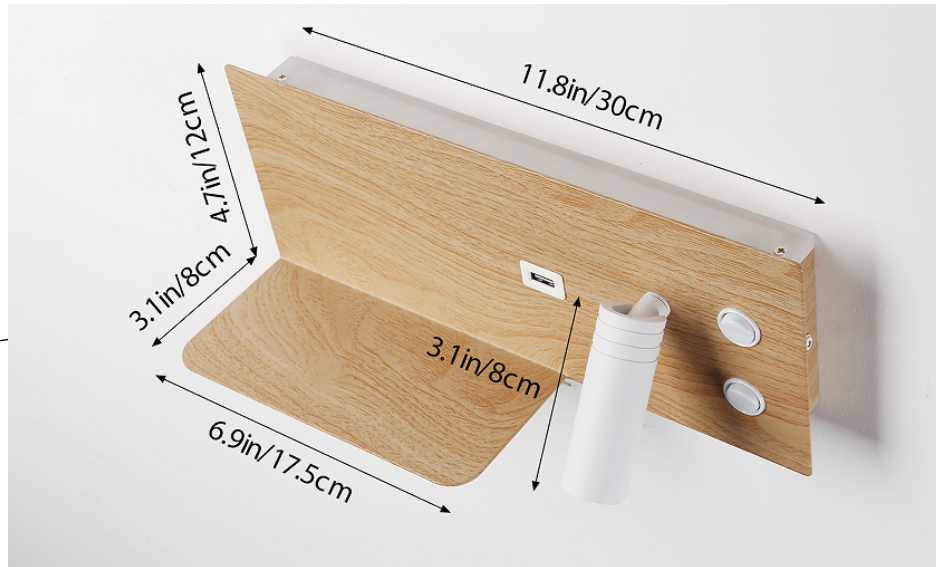

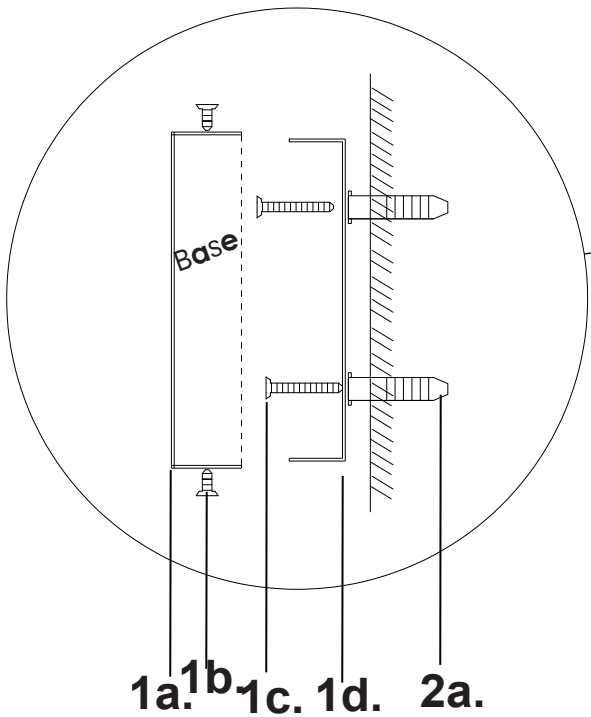

START FROM HERE

- Make sure power is completely off at the fuse box.
- Have your fixture installed by a qualified licensed electrician
- Prepare everything in a clear area.
- Wear gloves at all times during this installation.
- Read instructions carefully before you start assembly.
- Keep this instruction sheet for future reference.

Please Note:

- All LED fixtures come with pre-wired LED module(s).
- Unless instructed to do so, please do not touch any part of the LED module(s) as any unnecessary contact with the module could cause permanent damage.
- For dimming, an ELV (Electronic Low Voltage) type of dimmer is required.

installation method

installation steps

1. Fix (2a) to the wall.
2. Fix (1d) with (1c) screw.
3. Connect the base with (1d) and fix it with (1b).
4. Congratulations, you have completed the installation and can be powered on.
