

FZVACE-2.5

# 4-GALLON SILICA SLAYER™

## 5-POSITION VARIABLE PRESSURE

The easiest, most versatile solution for OSHA Table 1 compliance, Silica Slayer™ battery powered sprayers use a quick-connect GHT hose connection for universal attachment to cut saws and core drills for water delivery to knock down silica dust. Switch to the spray wand assembly to easily apply curing compound, form release oil, sealants, retardants and much more.
