

Cedar Arrangement Guide

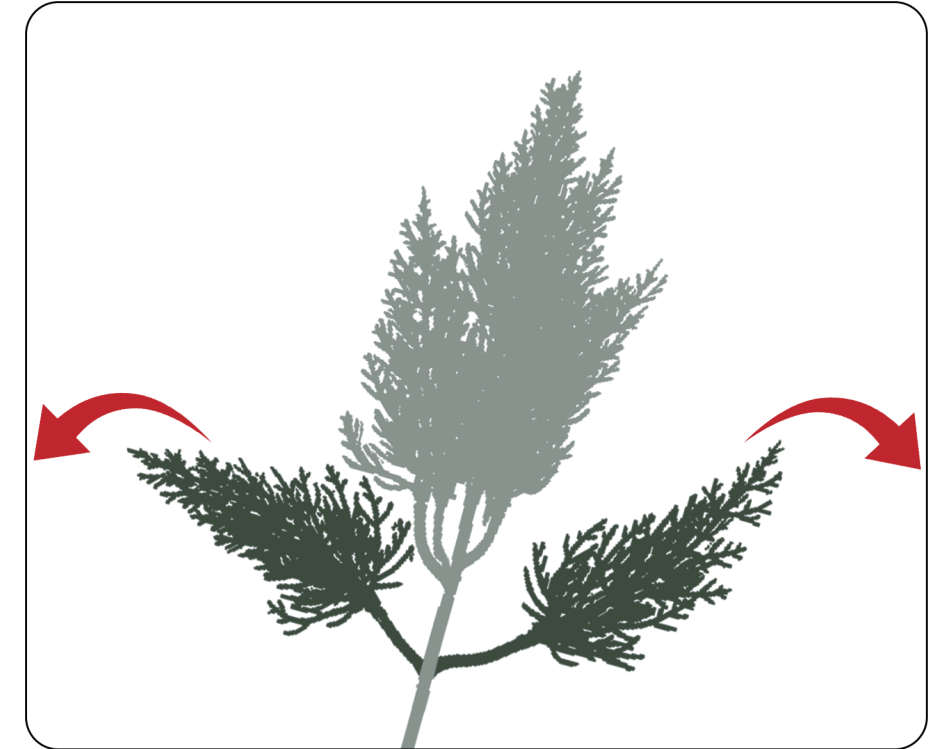

1. Correct Unfolding Method (Step-by-Step Illustrations)

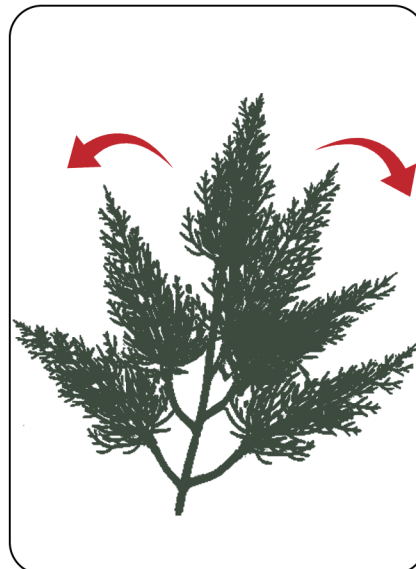

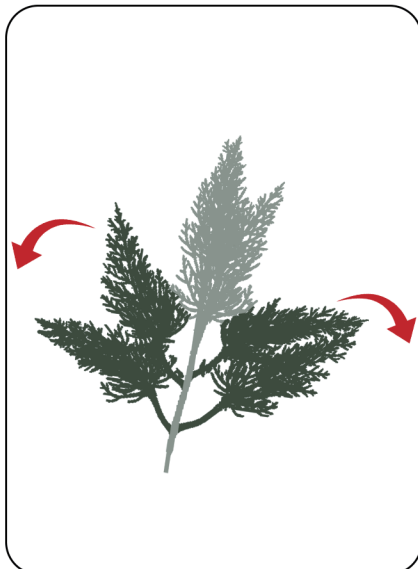

2. Unfold Layer by Layer for a More 3D Effect

3. Gently Separate the Leaves to Add Fullness

4. Start by Unfolding the Bottom Branches to Avoid Overlapping Leaves

5. Adjust the Leaves for a Fuller Tree Shape

6. After Arrangement, the Tree Looks Naturally Full

Before

After

Common Mistakes (Avoid These Errors)

1. Branches Not Unfolded - Still Stuck Together

2. Incomplete Unfolding - Sparse Appearance

3. All Leaves Leaning in One Direction (Unnatural)

4. Uneven Spreading - Some Areas Look Empty

5. Incorrect Technique - Leaves Overly Concentrated
