Dimensions patterns

Available in Bronze, Nickel, Copper, Brass, Black, Fused Bronze, and White.
2-ft x 4-ft Panels available for surface-mount and 2-ft x2-ft for refacing or replacing in T-Grid drop ceiling systems.

Quick Info:

All Patterns are available in matte white to install "as-is" or easily paint to match your decor.

- Easily glue up to any solid surface, such as walls, ceilings, and backsplashes without nailing
- Glue over painted small spray popcorn/textured ceilings
- Durable panels resist dents and scratches and clean easily with soapy water
- Ideal for kitchens, dining rooms, bedrooms and basements and more
- 2 ft. x 4 ft. panels overlap with the next panel, showing no visible seams once installed
- Achieve the same look as metal panels for a fraction of the cost
- Installation is simple because the panels are lightweight and can be effortlessly cut with scissors
- Installing in a T-grid System? We have Dimensions tiles available pre-cut to reface your new or old ugly tiles in a T-Grid.
