Care and Maintenance:

Rivuss Glass Vessel Sinks are hand crafted from the finest quality tempered glass which is durable and corrosion resistant. However, by following certain measures for care and maintenance you can keep its shine and luster for a lifetime.

Rivuss recommends using a non abrasive sponge along with soapy warm water and a dampened soft cloth to maintain luster and shine of the glass sink. We do not recommend using any household cleaners to clean the product. Please do not apply any force or scrub the glass while cleaning your glass sink. For more information please visit www.rivuss.com
