LOCTITE®

ULTRA LIQUID CONTROL®

SUPER GLUE

Great for home & office repairs, school projects and crafts. Frustration-free dispensing: Squeeze side grips to dispense exact amount desired. The liquid formula is ideal for fast bonding and superior strength on virtually all materials. No-clog container for longer life.

Protect work area at all times. Surfaces should be clean, dry and close fitting.

- 1 To puncture nozzle, turn cap clockwise until clicking sound stops.
- 2 Unscrew cap counterclockwise.
- 3 Squeeze side grips for precision dispensing. Apply sparingly to one surface. Press parts together and hold for 15-30 seconds.
- 4 Replace cap. For best results, leave bond undisturbed for at least 10 minutes. Full cure in 24 hours.

Henkel Corporation
One Henkel Way
Rocky Hill, CT, 06067

Made in Ireland/Packaged in the U.S.A.
Conforms to ASTM D4236
©Henkel Corporation
2018/5065698

NOTE: Not suitable for polystyrene foam, silicone and foam rubber, glass, bone china, polyethylene and polypropylene. Bonded items should not be placed in oven or microwave. **Fingers bonded?** Apply cooking oil to bonded area of skin. Gently massage bonded fingers back and forth to "peel" bond apart. Using rolling, peeling motion—do not pull.

WARNING! Contains Cyanoacrylate. Can cause severe eye injury. Bonds skin instantly. Skin contact may cause burns. Harmful if swallowed. May cause allergic skin reaction. May cause delayed irritation and sensitization. Use in a well ventilated area. Avoid contact with eyes, skin and clothing. **DO NOT TAKE INTERNALLY.** Wash thoroughly after handling. **FIRST AID:** In case of eye contact, flush with water for 15 minutes, call a physician. For skin contact, flush with water. For ingestion, do not induce vomiting, call a physician. If spilled on clothing, flush with large quantities of water. **KEEP OUT OF THE REACH OF CHILDREN.**
