Product Features

The Whynter Built-in/Undercounter dual temperature zone wine refrigerator offers premium quality and innovative design ideal for your wine collecting needs. Whether for the enthusiast or the connoisseur, the Whynter Built-in/Undercounter dual temperature zone wine refrigerator provides premium and advanced wine storage functionality.

This wine storage system can hold up to 46 standard 750ml wine bottles; 16 bottles in the top zone and 30 bottles in the bottom zone. The powerful compressor cooling process offers optimum temperatures (low 40ºF to mid 60ºF) for red, white, and sparkling wines. The front ventilation design of this unit allows for flush with cabinet undercounter installation or simply freestanding usage.

The premium appeal of the BWR-462DZ features a substantial stainless steel trimmed door accented with a luxurious curved handlebar. The five removable wood roller shelves offer high-end functionality and safety for your prized wine collection.

- Capacity: 46 standard 750ml wine bottle
  Upper Zone Capacity: 16 bottles
  Lower Zone Capacity: 30 bottles
- Dual zones for storing different wine varietals
- Stainless steel glass door with sleek black cabinet

- Powerful fan-circulated compressor cooling
- Reversible door swing
- Fahrenheit and Celsius degree optional temperature indicators
- 5 pull-out roller shelves
- Environmentally friendly refrigerant

TECHNICAL DATA

MODEL :	BWR-462DZ
Capacity	46 standard wine bottles
Voltage	115V/60Hz
Current	0.8A
Input Power	100W
Power Consumption	1.5kWh/24h
Temperature Control Range	Upper Zone: 40ºF-55ºF/5ºC-13ºC Lower Zone: 50ºF-65ºF/10ºC-18ºC
Net Weight	121 lbs
Gross Weight	139 lbs
Unit Dimensions	32.5" H x 23.5" W x 22.5" D (24.25" D with handle installed)
Packaging Dimensions	37" H x 28" W x 28" D
