

D1500-1 Series Aluminum Single Section Extension Ladders

The D1500-1 series are one-section aluminum straight ladders with a duty rating of 300 lbs. The exclusive ALFLO® rung joint means TWIST-PROOF® performance every time. The side rails are extra heavy duty I-beam rails and the aluminum TRACTION-TRED® D rungs are slip resistant. The rugged shoe rests flat or is held in spur position with the SHU-LOK® feature for use on hard or penetrable surfaced.
