

****Use and Care Manual for Dining Table Set****

****Congratulations on Your New Dining Table Set!****

To ensure the longevity and beauty of your dining table set, please follow these care instructions.

Assembly & Placement

1. ****Assembly****: Carefully follow the included assembly instructions. Use only the provided tools and hardware.
2. ****Placement****: Place the table set on a level surface. Avoid positioning it directly under windows or in areas exposed to direct sunlight, extreme temperatures, or high humidity, as these can damage the finish and materials.

Cleaning & Maintenance

1. ****Cleaning****:
 - ****Surface****: Clean the table and chairs with a soft, damp cloth. Avoid using harsh chemicals, abrasive cleaners, or solvents, which can damage the finish.
 - ****Spills****: Wipe spills immediately to prevent staining or moisture damage. For sticky or greasy spills, use a mild soap diluted in water and follow with a damp cloth to remove soap residue.
2. ****Polishing****: For wood finishes, use a furniture polish as recommended by the manufacturer every 3-6 months to maintain its shine. Avoid oils or waxes unless specified.
3. ****Upholstery**** (if applicable): Spot clean with a damp cloth and mild detergent. Avoid saturating fabric, and test any cleaner on a hidden area first to check for colorfastness.

Additional Tips

1. ****Protective Covers****: Use coasters, placemats, and tablecloths to protect the surface from scratches, heat marks, and stains.
2. ****Avoid Dragging****: Lift the table and chairs when moving to avoid scratching floors and damaging the legs.
3. ****Routine Check****: Periodically check and tighten screws and bolts to ensure stability.

By following these guidelines, you can enjoy your dining table set for many years to come.
