

# GALANO

Our diligent efforts are directed towards providing you with furniture that is both stylish in appearance and resilient in quality, ensuring its longevity.

## New Ownership Warranty

GALANO provides a warranty to the initial purchaser that the furniture's material is free of defects for a period of 30 days starting from the purchase date. However, this warranty does not cover damages caused by negligence, misuse, accidents, commercial use, or improper assembly if the instructions are not followed as recommended.

GALANO retains the right to replace the defective item either partially or completely (at their discretion).

## Claim Procedure

In case of any warranty-related concerns, kindly reach out to the retailer from whom you bought the product. It is necessary to provide the original sales receipt to expedite the process of resolving your warranty claim. The retailer will then contact GALANO to address your warranty needs.
