

KUDU

THE OPEN FIRE COMPANY

OWNER'S
MANUAL

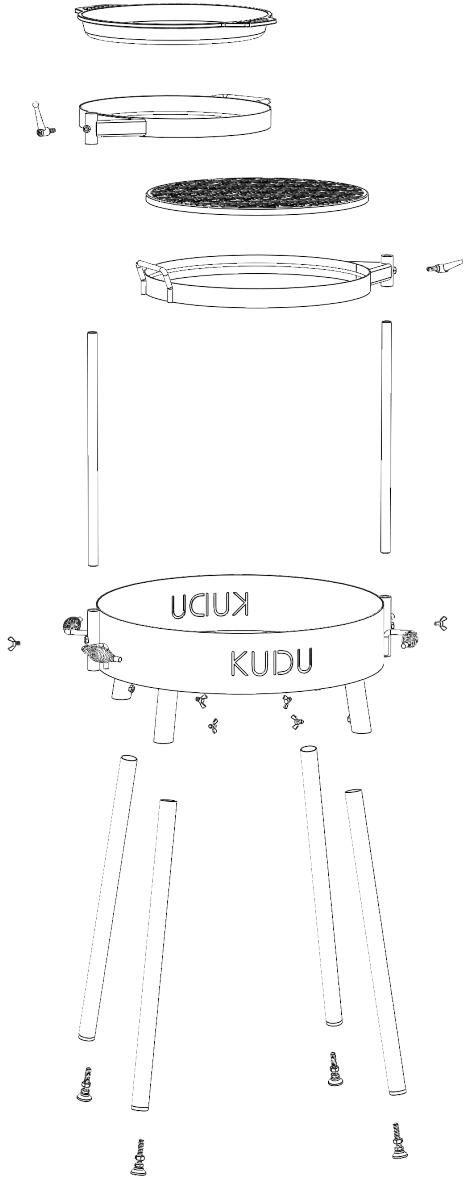

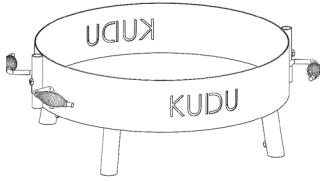

Welcome to the KUDU Nation! KUDU is the leader in open fire cooking, and we are on a mission to help our customers make the most out of their outdoor grilling experience. It won't take you long to see how quickly the KUDU becomes the centerpiece of your outdoor activities the moment you light the fire. Whether you are at home entertaining for a large crowd, tailgating for the big game, or off the beaten path camping in the wilderness, the KUDU allows you to make the most flavorful food and create an unsurpassed ambiance. Thank you again for choosing KUDU. We look forward to helping you find the Braai-Master within you!

1. Attach legs to base using twist screws

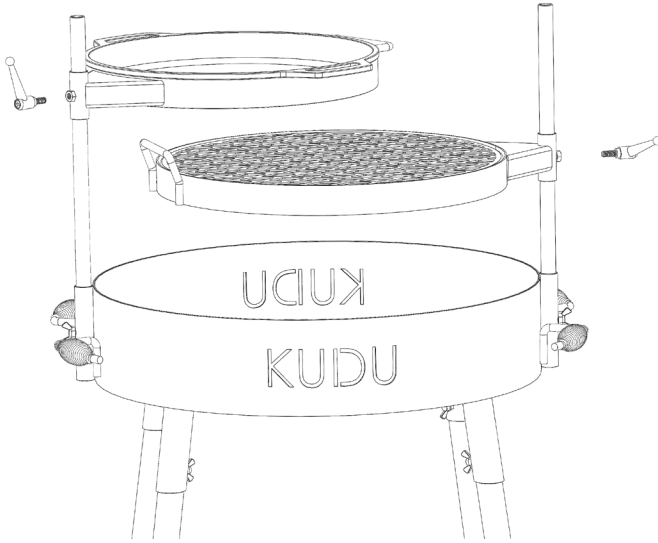

2. Flip KUDU onto feet and attach posts

3.

Assemble & attach grill grate and pan ring

WARRANTY INFORMATION

The KUDU is backed by a five-year limited warranty.
Visit [kudugrills.com/warranty](https://www.kudugrills.com/warranty) for full terms.

SAFETY INFORMATION

Your KUDU Safari Braai has been professionally designed and carefully fabricated to the highest standards. It will give you years of trouble-free and enjoyable service. Nonetheless, the KUDU Safari Braai confines and controls a charcoal or wood fire and heats its surfaces and content; this presents certain potential hazards to people and property. Visit [kudugrills.com/safety](https://www.kudugrills.com/safety) for full details.

MAINTENANCE

CARE & MAINTENANCE EXTEND THE LIFE OF YOUR KUDU

KUDU has worked hard to design and build an open fire cooking system that will stand up to the elements. Periodically you may need to clean, dry and apply vegetable oil to your grill to protect its finish. When kept undercover, little to no maintenance is required and you can expect your grill to last a lifetime.

Protect your KUDU Grill from the elements with the heavy duty KUDU Grill Cover. Specifically designed to fit the KUDU and its attachments, the canvas cover includes a drawstring to hold the cover securely in place.
