DIRECTIONS FOR USE INSTRUCCIONES DE USO

QUICK START GUIDE: You're Just Four Simple Steps Away From A Beautiful Scotts® Lawn!
GUÍA DE INICIO RÁPIDO: ¡Está a sólo cuatro sencillos pasos de tener un hermoso césped con Scotts®!

FILL & SET SPREADER

Llene y ajuste el esparcidor

Scotts®
Broadcast / Rotary Spreaders
Esparcidores por voleo/giratorios Scotts®

Scotts® Drop Spreaders
Esparcidores por goteo Scotts®

Scotts® products are designed to work with Scotts® spreaders.
Los productos Scotts® están diseñados para funcionar con los esparcidores Scotts®.
This package applies 2.5 lb of product per 1,000 sq ft. Con este paquete se aplican 1.1 kg de producto por cada 93 m².

APPLY

Aplique

For even application walk at a steady pace slightly overlapping each pass.
Scotts® Drop Spreaders: Align hopper arrow with previous wheel track.
Scotts® Broadcast / Rotary Spreaders: Line up each pass approximately 5 ft from wheel track.
For fast results, lightly water in. Product does not require watering in.
Para que la aplicación sea uniforme, camine a un paso constante, traslapando cada pasada.
Esparcidores por goteo Scotts®: Alinee la flecha de la tolva con la huella dejada previamente por la rueda.
Esparcidores por voleo/giratorios Scotts®: Alinee cada pasada a aproximadamente 1.5 m de la huella dejada por la rueda.
Para obtener resultados rápidos, riegue ligeramente. Este producto no necesita riego.

CLEAN-UP

Limpie

Return unused product to original container.

Help keep our water clean. Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn and sweep any product that lands on the driveway, sidewalk, or street back onto your lawn.

Vuelva a colocar el producto no utilizado en el envase original.

Ayude a mantener nuestra agua limpia. No aplique cerca de agua, desagües de tormenta o zanjas de drenaje. No aplique si se anuncian lluvias intensas. Aplique este producto solamente sobre césped y barra hacia el césped el producto que caiga sobre la entrada de automóviles, la acera o la calle.

ENJOY

Disfrute

Lawn is safe to re-enter immediately after product is applied.

Es seguro acceder al césped inmediatamente después de la aplicación del producto.

TIPS FOR LAWN CARE SUCCESS

Feed Regularly

Regular feedings provide the nutrients your lawn needs to look its best and withstand the stresses of weeds, heat, drought & family activity.

Benefits of Multiple Feedings

Check with your local Cooperative Extension Agency to obtain specific information on local turf best management practices. Check with your county or city government to determine if there are local regulations for fertilizer use.

Mow and Leave the Grass Clippings On Your Lawn

Mowing high allows the grass to develop a deep root system & helps your lawn use water more effectively. Grass clippings recycle the plant nutrients back into the soil.

Conserve Water

Well-fed lawns are more efficient at using available water. Feeding with Scotts® products helps grow a thick lawn with more roots to better absorb water and nutrients than an unfed lawn. This helps protect your lawn against heat, drought and other stresses. Remember, your lawn will begin to wilt when water is needed. As much as possible take advantage of nature's sprinkler and rely on the rain to water your lawn.

SCOTT'S® RECOMMENDED FEEDING ROUTINE

EARLY SPRING

An early spring feeding helps grass green-up after the winter. You should feed around the first time you mow your grass.

LATE SPRING

Feeding now prepares grass for summer stress by thickening the blades on top and building deep roots below.

EARLY FALL

An early fall feeding replenishes the nutrients lost in the harsh summer months for quicker recovery. You should feed when your grass comes out of dormancy.

LATE FALL

Late fall is the best feeding time because it builds strong deep roots and prepares grass for winter. You should feed when all the leaves have fallen.

Florida Fertilizer Applications: 4 annual feedings with the following exceptions: On centipedegrass do not exceed 2 lb of Nitrogen per 1000 sq ft in the north and 3 lb of Nitrogen per 1000 sq ft in the central and south. On bahiagrass and zoysiagrass do not exceed 3 lb of Nitrogen per 1000 sq ft in the north.

& Your Environment

We care - Scotts® products are designed with care to grow a thicker, greener lawn.
A Green Lawn Is a Good Lawn - A healthy lawn cleans the air, produces oxygen and prevents runoff and soil erosion. You can make a difference - Help keep our water resources clean. Apply this product only to your lawn, and sweep any product that lands in the driveway, sidewalk or street back on to your lawn.

FIRST AID AND STORAGE INFORMATION

KEEP OUT OF REACH OF CHILDREN

CAUTION: Eye contact with contents may cause irritation. Flush eyes with water as soon as possible after contact.

STORAGE

Store in original container, out of reach of children.
