# Insect Killing Soap with Seaweed Extract II

# **SECTION 1: Identification**

#### 1.1 GHS Product identifier

Product name Insect Killing Soap with Seaweed Extract II

Product number 5110-6 Brand Safer Brand

#### 1.3 Recommended use of the chemical and restrictions on use

Insecticide

### 1.4 Supplier's details

Name Woodstream Corporation

Address 69 N. Locust St.

Lititz PA 17543

USA

Telephone 800-800-1819 Fax 800-800-1770

email sgreen2@woodstream.com

### 1.5 Emergency phone number

800-222-1222

# **SECTION 2: Hazard identification**

### 2.1 Classification of the substance or mixture

GHS classification in accordance with: OSHA (29 CFR 1910.1200)

Not a hazardous substance or mixture.

### 2.2 GHS label elements, including precautionary statements

Not a hazardous substance or mixture.

#### 2.3 Other hazards which do not result in classification

Not a hazardous substance or mixture.

# **SECTION 3: Composition/information on ingredients**

### 3.2 Mixtures

#### Insect Killing Soap with Seaweed Extract II

1. Potassium Salts of Fatty Acids

Concentration 2 - 2.8 % (weight)\* CAS no. 67701-09-1

2. Other Ingredients

Concentration 98 % (weight), Trade secret

# **SECTION 4: First-aid measures**

### 4.1 Description of necessary first-aid measures

General advice Have the product container or label with you when calling a poison control

center or doctor or going for treatment. You may also contact 1-800-858-7378 for emergency medical treatment advice.

If inhaled Remove to fresh air

In case of skin contact • Take off contaminated clothing.

• Rinse skin immediately with plenty of water for 15-20 minutes.

• Call a poison control center or doctor for treatment advice if rash or irritation

persists.

In case of eye contact • Hold eye open and rinse slowly and gently with water for 15-20 minutes.

• Remove contact lenses, if present, after the first 5 minutes, then continue

rinsing eyes.

• Call a poison control center or doctor for treatment advice if irritation

persists.

If swallowed Rinse mouth immediately and drink plenty of water. Never give anything by

mouth to an unconscious person.

# 4.2 Most important symptoms/effects, acute and delayed

No Information Available

#### 4.3 Indication of immediate medical attention and special treatment needed, if necessary

If any rash or irritation persists, or if you feel unwell, call a doctor

# **SECTION 5: Fire-fighting measures**

### 5.1 Suitable extinguishing media

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Dry chemical. Carbon

dioxide (CO2). Water spray. Alcohol resistant foam.

# 5.2 Specific hazards arising from the chemical

None noted

Version: 1.0, Date of issue: 2021-08-09, p. 2 of 7

### Insect Killing Soap with Seaweed Extract II

# 5.3 Special protective actions for fire-fighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear

### **SECTION 6: Accidental release measures**

# 6.1 Personal precautions, protective equipment and emergency procedures

Avoid contact with eyes. Use personal protective equipment as required. See section 8 for more information. Take precautionary measures against static discharges. Do not touch or walk through spilled material

### 6.2 Environmental precautions

Refer to protective measures listed in Sections 7 and 8. Prevent further leakage or spillage if safe to do so.

### 6.3 Methods and materials for containment and cleaning up

Prevent further leakage or spillage if safe to do so. Do not touch or walk through spilled material. Dike far ahead of liquid spill for later disposal.

Pick up and transfer to properly labeled containers. Take precautionary measures against static discharges. Dam up. Soak up with inert absorbent material.

# **SECTION 7: Handling and storage**

#### 7.1 Precautions for safe handling

Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

### 7.2 Conditions for safe storage, including any incompatibilities

Store only in original container in a cool, dry area inaccessible to children and pets. Protect from freezing and heat. Keep container tightly closed to prevent evaporation.

Non-refillable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying. If Empty: Do not reuse this container. Place in trash or offer for recycling if available. If Partly Full: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

# **SECTION 8: Exposure controls/personal protection**

#### 8.2 Appropriate engineering controls

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies

#### 8.3 Individual protection measures, such as personal protective equipment (PPE)

### Eye/face protection

Tight sealing safety goggles

### Skin protection

No special protective equipment required.

#### **Body protection**

No special protective equipment required.

#### Respiratory protection

#### Insect Killing Soap with Seaweed Extract II

No protective equipment is needed under normal use conditions. If exposure limits are exceeded or irritation is experienced, ventilation and evacuation may be required

# **SECTION 9: Physical and chemical properties and safety characteristics**

#### Basic physical and chemical properties

Physical state Liquid
Appearance Light Brown

Color Clear-Golden Clear
Odor Fat

Odor threshold No Information Available

Melting point/freezing point

No Data Available

Boiling point or initial boiling point and boiling range

No Data Available

Flammability

No Data Available

Lower and upper explosion limit/flammability limit No Data Available

Flash point > 200F

Auto-ignition temperature

No Data Available

No Data Available

Decomposition temperature No Data Available pH 10

Kinematic viscosity .5 cSt Solubility .1%

Partition coefficient n-octanol/water (log value) No Data Available

Vapor pressure

Evaporation rate

No Data Available

No Data Available

No Data Available

Density and/or relative density

No Data Available

Relative vapor density

No Data Available

#### **Particle characteristics**

No Data Availbale

# **SECTION 10: Stability and reactivity**

#### 10.1 Reactivity

No Data Available

#### 10.2 Chemical stability

Stable under recommended storage conditions.

# 10.3 Possibility of hazardous reactions

None under normal processing or recommended use

### 10.4 Conditions to avoid

Excessive heat and flames

#### 10.5 Incompatible materials

None Known

#### 10.6 Hazardous decomposition products

Possible carbon oxides

# **SECTION 11: Toxicological information**

### Insect Killing Soap with Seaweed Extract II

# Information on toxicological effects

### Acute toxicity

No Information Available

#### Skin corrosion/irritation

No Information Available

### Serious eye damage/irritation

Serious eye irritant

# Respiratory or skin sensitization

No inormation availbale for Inhalation. May cause allergic skin reaction or irritation in some cases

# Germ cell mutagenicity

No Information Available

### Carcinogenicity

Contains no ingredient listed as a carcinogen

#### Reproductive toxicity

No Information Available

# STOT-single exposure

No Information Available

### STOT-repeated exposure

None known

#### **Aspiration hazard**

If swallowed DO NOT induce vomitting

# **SECTION 12: Ecological information**

### **Toxicity**

The environmental impact of this product has not been fully investigated.

### Persistence and degradability

No Information available

#### Bioaccumulative potential

No information available

### Mobility in soil

No information available

# Results of PBT and vPvB assessment

Noinformation available

# **Endocrine disrupting properties**

No information available

Other adverse effects

### Insect Killing Soap with Seaweed Extract II

This product may be hazardous to aquatic invertebrates. For terrestrial uses, do not apply directly to water or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water by cleaning of equipment or disposal of rinsate.

# **SECTION 13: Disposal considerations**

# **Disposal methods**

### **Product disposal**

Non-refillable container. Do not reuse or refill this container. Triple rinse or pressure rinse container (or equivalent) promptly after emptying.

### Packaging disposal

Do not reuse this container. Place in trash or offer for recycling if available

# **SECTION 14: Transport information**

### DOT (US)

Not Regulated

#### **IMDG**

Not Regulated

#### IATA

Not Regulated

# **SECTION 15: Regulatory information**

### 15.1 Safety, health and environmental regulations specific for the product in question

#### **Toxic Substances Control Act (TSCA) Inventory**

Complies

#### Canadian Domestic Substances List (DSL)

All components are listed either on the DSL or NDSL

#### **SARA 313 Components**

This product does not contain any chemicals which are subject to the reporting requirements of the Act and Tital 40 of the CFR, Part 372

### SARA 311/312 Hazards

This product does not pose any of the health hazards outlined in this section

#### California Prop. 65 Components

This product does not contain any Proposition 65 chemicals

#### 15.2 Chemical Safety Assessment

PRECAUTIONARY STATEMENTS

### Insect Killing Soap with Seaweed Extract II

This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets and for workplace labels of non-pesticide chemicals. The hazard information required on the pesticide label is reproduced below. The pesticide label also includes other important information, including directions for use.

Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling.

### **SECTION 16: Other information**

#### 16.1 Further information/disclaimer

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination

with any other materials or in any process, unless specified in the text

### 16.2 Preparation information
