### LARGE STORAGE SPACE

### Adequate Space

Internal dimensions: 17.8 x 11 x 16.2 inches. Allow you to place drinks upright below 16.2 inches in height. 53 quarts is a perfect size for going out to join outdoor parties, picnic, camping, or road trips with your friends or family.

### FAST COOLING

### Rapid Refrigeration

Our car refrigerator has cooling range from -4°F to 68°F and can quickly drop from 68°F to 32°F in 15 minutes. And it can last for 10 hours after cutting off the power supply so that you can enjoy delicious and fresh food during the journey.

### LED DIGITAL DISPLAY

### Precise Control

The onboard refrigerator can regulate the temperature and mode through the digital panel, so you can monitor the temperature and power at any time. You can also use the mobile app to control the temperature and charge with a USB socket.

### PERFECT STRUCTURE

### Humanized Design

The built-in LED light allows you to see the inside of the refrigerator. The drain hole helps to drain the accumulated water, the powerful handle improves the portability, and the cup holders stabilize the drinks when you are driving.

### Secure Driving

The three-layer battery protection can prevent the refrigerator from depleting the vehicle's battery. It is designed to be low-noise and ensure you a good sleep after driving for a long time. The fridge can also be kept stable by tilting 45°.

### WIDE APPLICATION

### Wide Application

Operating at 12 / 24V DC and 110-240 AC, the 12V refrigerator freezer can be connected to an automobile cigarette lighter and household power supply. Our portable compressor refrigerator is suitable for RV, campsite, boat, camping, fishing, road travel, and outdoor activities.
