ASSEMBLY INSTRUCTIONS

48in 80 Light LED White PVC Doe with Collar

USE AND CARE GUIDE

PLANNING ASSEMBLY

Carefully remove all the parts from the box and place them on a flat surface. Please note that many of the parts are connected by the lighting string that runs throughout the item. Remove the parts with care not to damage the lighting string or parts. Read the entire manual prior to assembly and identify all the parts included in the package against the parts list. If any parts are missing or damaged do not attempt assembly. Contact our customer service center or return the item to place of purchase with purchase receipt. Assembly of this product may require more than one person.

Pre-Operation

CAUTION: Grasp the plug to insert or remove from the power source. Do not unplug by pulling on cord.

CAUTION: The lighting string on this product is rated at 4.8 Watts (0.04 Amps). Do not overload. Do not connect to another lighting string, decorative outfit or other electrical products. Before you use or re-use this product, inspect it carefully. Discard or return to place of purchase with purchase receipt if the product has cuts, damage, frayed wire insulation on cords, cracks in the socket enclosures, loose connections or exposed copper wire.

Care and Cleaning

- Carefully remove the product from wherever it is placed. This helps to avoid any undue strain or stress on the product connections and wires. If the product is placed somewhere other than the ground it should be well secured and stable.
- Wipe the unit with a damp cloth and allow the unit to dry before storing.
- Store the product neatly in a cool, dry location protected from sunlight.

Guarantee

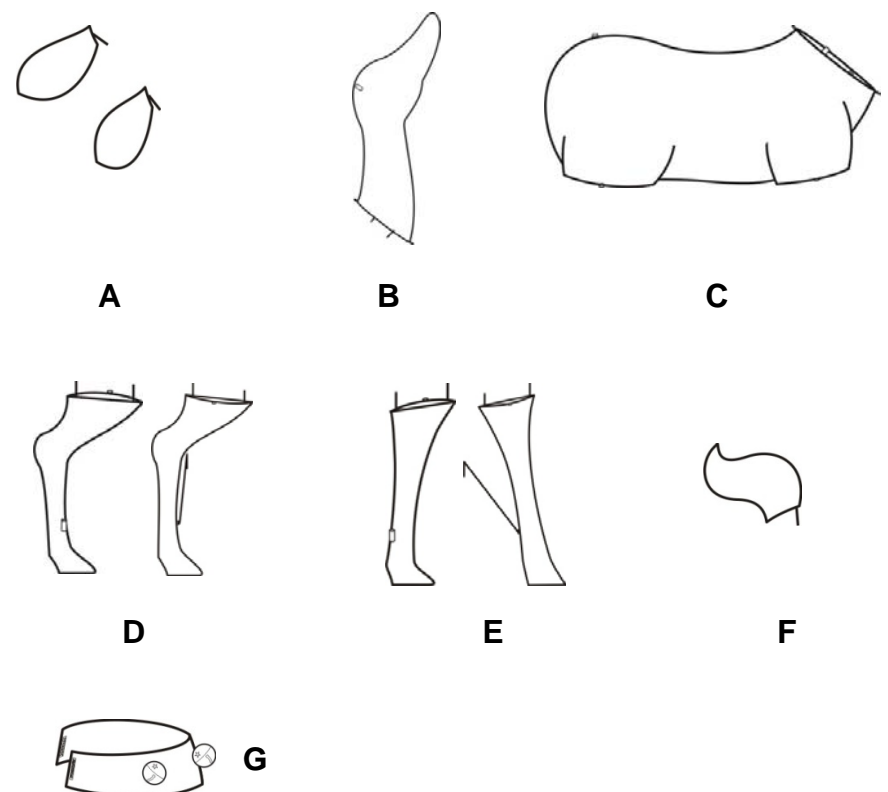

What is Covered

The product is intended for residential seasonal use for 90 days per year. This product is covered by a 90 days limited guarantee due to defects in material and workmanship. Return the product with purchase receipts to the location of purchase for refund within 90 days of purchase.

What is Not Covered

This warranty does not cover commercial use, normal wear and tear, products not used in accordance with directions provided on or with the product, burn out of bulbs or LEDs, batteries, products that have been subjected to unauthorized repair and/or modification and damage caused by shipping and improper handling, alterations, misuse or accidents. Questions, problems, missing parts? Before returning to the store, call Home Accents Holiday Customer Service 8 a.m.-6 p.m., EST, Monday-Friday

ASSEMBLY

1 Assembling the Legs to the Body

Insert the connecting rods on the top of the Legs (D,E) into the connecting holes on the underside of the Body (C) .

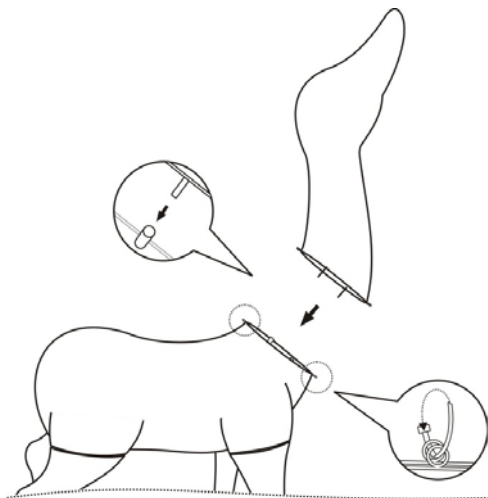

2 Securing the Legs and Body

Fasten the Body and Legs together at the connecting loops with Plastic Ties (I). The Legs come with metal bars attached to stabilize the Doe. Insert the hooked end of the metal bars into the metal hole on the opposite Leg.

3 Assembling the Head/Neck to the Body

Insert the connecting rods on the bottom of the Head/Neck (B) into the connecting holes on the front of the Body then fasten together at the connecting loop with Plastic Ties (I).

4 Assembling the Ears and Tail to the Body

Insert the connecting rods on both Ears (A) into the connecting holes on the top of Head/Neck (B). Insert the connecting rod on the Tail (F) into the connecting holes at the rear of Body (C).

5 Assembling the Collar to the Body

Wrap the Collar (G) around the neck of the Doe and secure with the Velcro closure.

6 Securing the Doe to the Ground

Insert Ground Stakes (H) through each hoof then over the metal frame and into the ground.
