

## Scent-Away™ Natural Rodent Repeller Drops™

### Instructions

1. Pull the silver activation strip firmly and completely remove foil to activate.
2. Place where signs of rodent activity are visible.
  - a. To hang the drop, pull the hanger hook up and extend it fully until it locks into the tab.
  - b. To stick the drop, peel off the adhesive on the back and stick to any nonporous surface.
  - c. To place the drop without sticking or hanging, leave the hanger hook tucked into place and place anywhere.
3. Dispose of the drop when the End-of-Life Indicator™ window is almost empty. In about 60 days.
