

# 100 Series Dishwashers

## Bosch 100 Series — a great deal of quality.

Surprisingly attainable, the ultra-reliable **Bosch 100 Series Dishwasher** provides the high quality you expect at a value that fits your lifestyle. Offering advanced engineering, quiet operation, and a sleek modern design, the 100 Series was invented with you in mind.

### Introducing PrecisionWash™

With Bosch PrecisionWash™, simply start your dishwasher and walk away. Intelligent sensors continually scan and check the progress of dishes throughout the cycle, and powerful, precision spray arms go to work targeting every item of every load. **So that when your dishes are done, so are you.**

### Food Particle Sensors

Our wash system uses advanced sensors to identify soil in the water, adjusting temperature and cycle length to eliminate redeposits. Getting your dishes as clean as they can be.

### Detergent System

This state-of-the-art tray and basket combo waits for the right time and water temperature before releasing the detergent achieving clean dishes with every cycle.

### Cycles and Options

Producing cycles and options that fit your lifestyle, like Speed60® and Extra dry, we make it easy to find a wash to achieve clean dishes each time.

### Triple Filtration Filter

With multiple layers of high quality grade mesh, our filtration system effectively filters out food particles, eliminating the need for a noisy disposal.

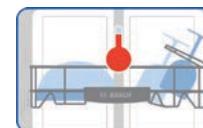

### Precision Spray Arms

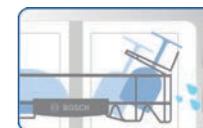

Specially engineered and laser cut, our precision spray arms aim water directly at the dishes to produce more efficient cleaning and a quieter performance.

## Bosch dry system — condensation drying.

The Bosch condensation drying system is brilliantly designed to elevate dish drying to a new level. Complimenting our PrecisionWash™ system, our dry system efficiently dries your dishes while keeping your plastics safe in the bottom rack.

Final hot water wash increases the tub temp.

Water evaporated off dishes and condenses on the stainless steel walls.

Water drains away resulting in dry dishes!

## Quietest dishwasher brand in the U.S.<sup>1</sup>

As the quietest line of dishwashers in the U.S., all Bosch quiet levels are certified by an independent lab.

### Multiple insulation layers

Three layers of sound-absorbing insulation help dampen the noise

### EcoSilence™ Motor System

Our dual brushless motors were engineered to be quieter than the typical motor, while the entire system is designed to reduce vibrations and sound

### Sound-absorbing Base

A solid-molded base absorbs sound while minimizing vibrations

### InfoLight®

Bosch dishwashers are so quiet, we shine a red light to let you know when a cycle is running.

<sup>1</sup> Based on an average of sound ratings of 24" Full Size Stainless Steel Tub dishwashers contained in major brands websites. Major brands defined as TraLine Top 5 Market Share December 2017.

## Why Bosch?

There's a Bosch for everyone. German engineered and made in the USA, our dishwashers were created with you in mind. With a legacy of quality and a focus on details, Bosch dishwashers rise above the rest in reliability, expertise and making everyday life easier.

### Reliability

We look out for your floors, even when you're not: with 24/7 Overflow Protection System, our tubs sense water and will drain it away, even if the unit is off.

### Experience

Bosch released their first dishwasher in 1964, leading the way to becoming the number 1 brand worldwide for dishwashers<sup>2</sup>

### Reducing Water Usage

We've busted the myth that dishwashers use more water than handwashing! On average, using your Bosch dishwasher can save up to 2400 gallons of water per year.

### Easy to use

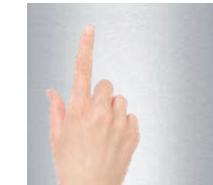

Forget about "pre-wash"—Don't waste time, water or energy. Follow our "scrape, don't rinse" mantra and trust your Bosch dishwasher to do what it's designed to do.

## 100 Series features.

Dedicated to creating thoughtful innovations, the 100 Series was designed to make your kitchen life better.

### Fingerprint Resistant

Providing the ultimate exterior protection against fingerprints, dirt, and smudges.

### Utility Rack

Making space for those hard to place items that never seem to fit anywhere.

### 3-Level RackMatic®

Easily adjusts to three heights and up to nine rack positions, to fit your loading style.

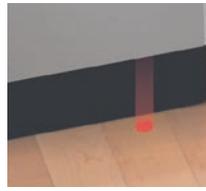

### Speed60™

A clean AND dry cycle for your normal loads that finishes in about an hour.

### 3rd Rack

Our 3rd rack provides up to 30% more loading area\* while it's V-shape leaves room below for tall items in the upper rack.

### InfoLight®

Quiet you can see—providing a red light that projects on the floor to signal that a cycle is running.

\*Compared to Bosch dishwasher with two racks.
