## HERE'S HOW TO TAKE CARE OF ME

## Burgundy Rubber Plant

### LIGHT

I love sunlight. Place it by a window or on a porch that gets direct, natural light for at least a portion of the day.

### WATER

I can only go 1-2 weeks without water so check on me weekly and add water every time the top two inches of soil dry out.

### FOOD

Feed me once or twice a year during Spring and Summer with a fertilizer formulated for houseplants.

### FEATURES

I have dark purple-green leaves that are very shiny.

### GROWING TIPS

Give the Burgundy Rubber Plant a spot in bright light to keep it looking its best. If it doesn't get enough light, it may become leggy with less intense color.

### GIVE ME FRIENDS

(I play well with)

Palms, Deffenbachia, Schefflera
