ASSEMBLY INSTRUCTIONS

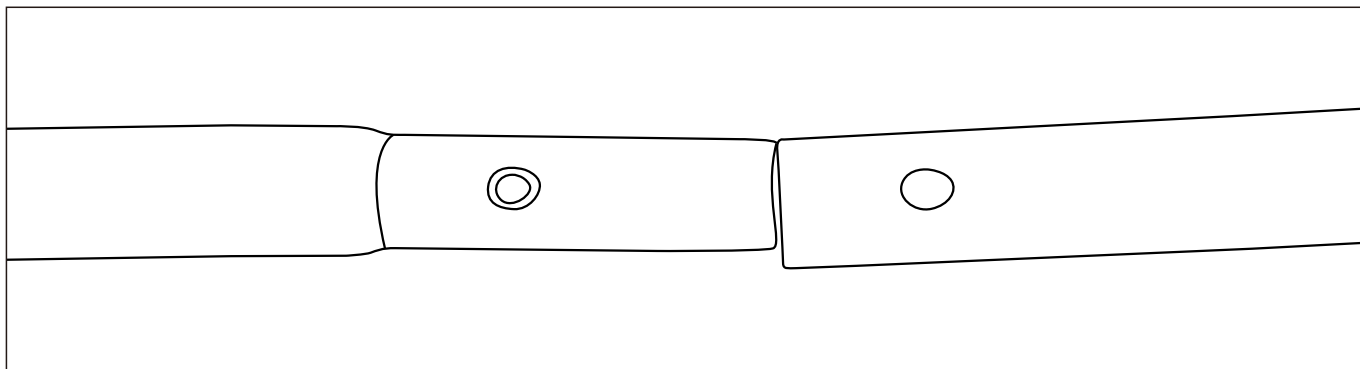

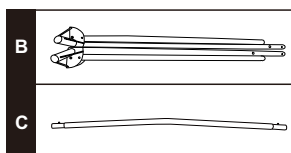

BEFORE ASSEMBLY:

1. Make sure that you have all listed parts as shown on the part list page. Then please follow the assembly instructions to set up the frame and net correctly.
2. This golf net should only be assembled and disassembled by adults.
3. Set up this golf net on a flat place, at least 10 feet away from structures and vehicles.
4. The fiberglass poles hold tension to support the net, so caution should be exercised to prevent the injury during assembly and disassembly.
5. Don't stand behind the net.

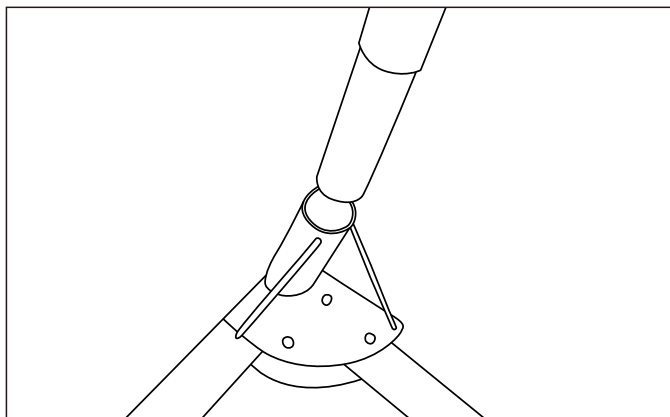

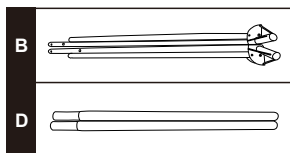

Step 1: Push the right spring pin that holds the frame together until you can easily unfold the base leg to 90° and the left spring pin locks the leg into place.

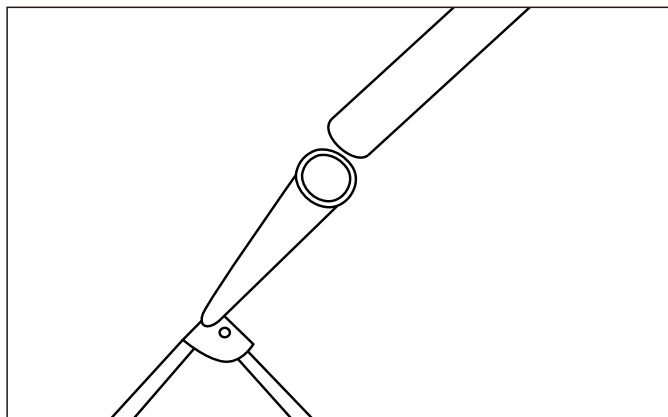

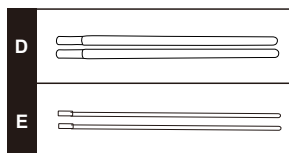

Step 2: Connect the two base legs with the push-button locking system of the intermediate connecting tube.

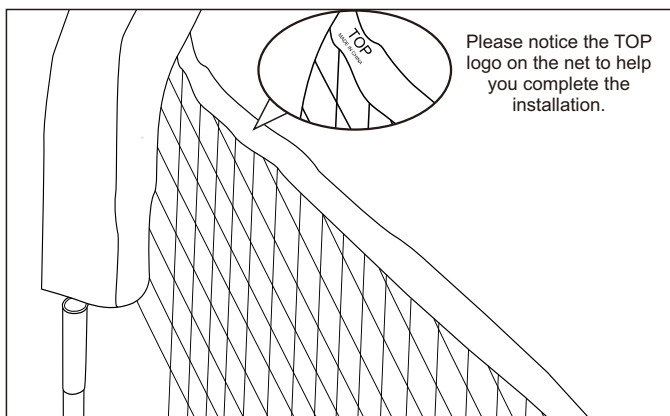

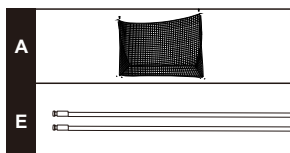

Step 3: Insert one of the bottom fiberglass pole into the metal base.

Step 4: Then insert the middle pole.

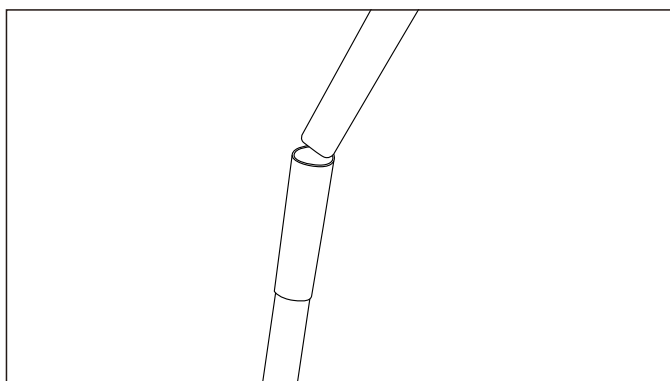

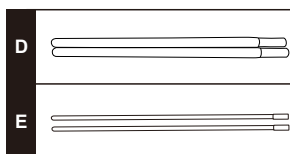

Step 5: Get the net, Please notice the TOP logo on the net to help you complete the installation. Then slip one side sleeve over the middle pole.

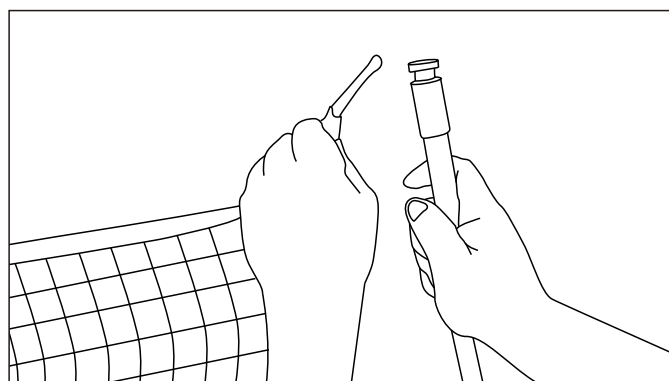

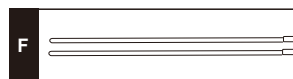

Step 6: Repeat 3-5 steps on opposite side.

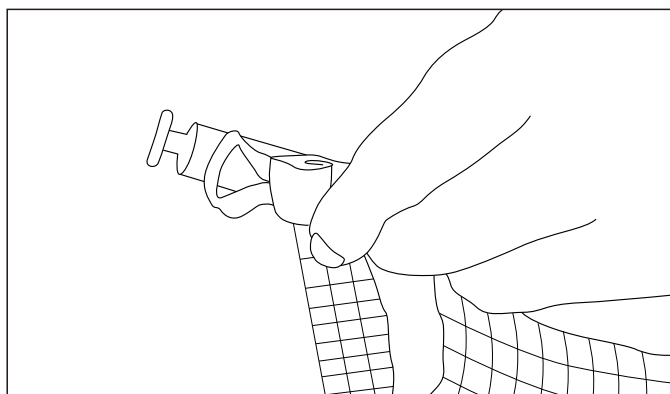

Step 7: Insert the top pole into the middle pole.

Step 8: Hook the white loop around the silver notch. Make sure the loop is completely secured to the notch.

Step 9: Attach the white loop at the bottom of the net to the notch on the base leg. Make sure the loop is completely secured to the notch.

Step 10: Repeat 7-9 steps on opposite side.

Step 11: Optional U-shape ground stakes for keeping the net more stable on soft ground.
