KRC-7® ULTRA

Cleans, Restores, Polishes and Seals
ALL IN ONE EASY APPLICATION

KRC-7® ULTRA removes soap scum, hard water stains, mineral deposits, rust mildew, algae, oxidation, dirt accumulations and other unwanted stains and contaminants from real ceramic tile, white grout, fiberglass shower stalls, acrylic, plastic, non-slip tubs, porcelain, whirlpools, sinks, china commodes and urinals. **SAFE FOR SEPTIC SYSTEMS**

CAUTION: DO NOT USE **ULTRA** on natural stone, polished porcelain, anodized or lacquered surfaces, metal tile, color grout, slate, **FORMICA®**, **CORIAN®**, **STERLING®**, or **OWENS-CORNING®** fixtures, brick, clay tile, quarry tile, Mexican tile, terra cotta or hand-formed tile. **ONLY** use on acid and alkali resistant surfaces. **DO NOT USE** if glaze is worn through age of if the surface was previously maintained with any abrasive cleaners. **DO NOT MIX OR USE ULTRA** with bleach or any other household chemicals.

HOW TO USE

1. It is imperative that a small test area be done on an inconspicuous area prior to general use to determine compatibility and dwell time. 2. Spray **ULTRA** evenly onto surface and let stand for 1-3 minutes. 3. Agitate surface using a brush or wipe using a sponge. 4. Rinse surface thoroughly. 5. Repeat if necessary.

For added shine and protection, use **KRC-7® PROTECT**.
