Equipped with 800W powerful motor and 6 speeds ranging from 1000 to 4000 RPM, this wet granite grinder effortlessly handles a range of surfaces, from marble, granite to concrete and tiles. Its versatile speed settings ensure a flawless finish every time.

7 POLISHING PADS
WITH DIFFERENT GRITS

Cater to both coarse and fine polishing needs

Before

After

Our wet polisher is equipped with 7 polishing pads (50, 100, 200, 400, 800, 1500, 3000 Grit), making it versatile for various tasks. Whether you're tackling heavy rust removal or refining smooth surfaces, these pads ensure you achieve a top-quality finish.

UPPER WATER INJECTION STRUCTURE

For easy connection and even water distribution

Adjustable Water Flow

Hose Length:
3.2 ft / 1m

Compatible with general water pipes

3-Hole Water Sprayer 120°

Designed with an anti-rust all-copper switch and a 3-hole water sprayer, this wet concrete polisher delivers adjustable and uniform water flow. It not only maintains a dust-free work environment but also reduces spills, enhancing safety and efficiency.

EASY ASSEMBLY

Quick completion in 4 steps

Step1

Install the handle and water valve

Step2

Place the clamp on the splash guard,
then install the splash guard

Step3

Attach the polishing pad and tighten
with large wrench

Step4

Connect the water pipe and start polishing

Assemble our wet polisher effortlessly in 4 simple steps. With its lightweight design, enhanced heat dissipation, and ergonomic D-shaped soft grip, it reduces user fatigue and provides lasting comfort during extended use.
