

Over the door ironing board

PLEASE READ INSTRUCTIONS CAREFULLY BEFORE ASSEMBLY
SIGA LAS INSTRUCCIONES CON ATENCIÓN ANTES DE ARMAR

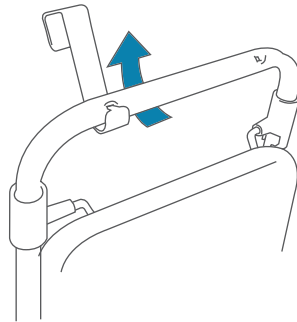

PARTS INCLUDED:

**NO ADDITIONAL
TOOLS REQUIRED**

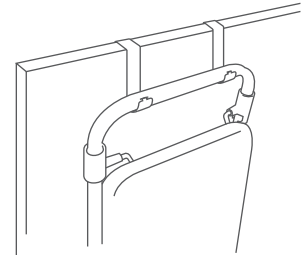

**HERRAMIENTAS
ADICIONALES
NECESARIAS**

1.

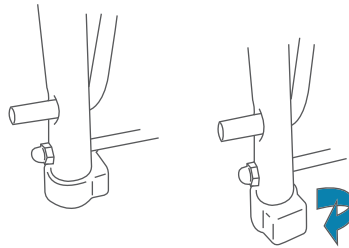

Insert the tab on the hanger brackets into the slots at the top of the frame. Then, pull on the hanger brackets to lock in place

2.

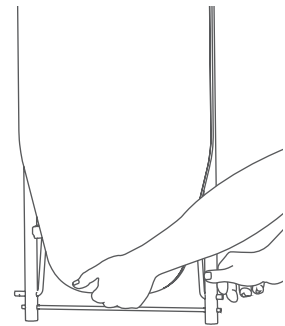

To prevent the hanger brackets from marring the door, a piece of heavy paper or fabric should be placed over the top edge of the door before hanging the board in place. Hang the board over the top of the door. Pull down firmly to be sure the hanger brackets are fully seated on the top of the door.

3.

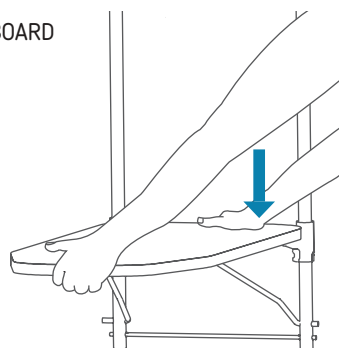

Locate the 2 plastic bumpers at bottom of plastic poles. Rotate each bumper 90 degrees so flat side rests against door.

4.

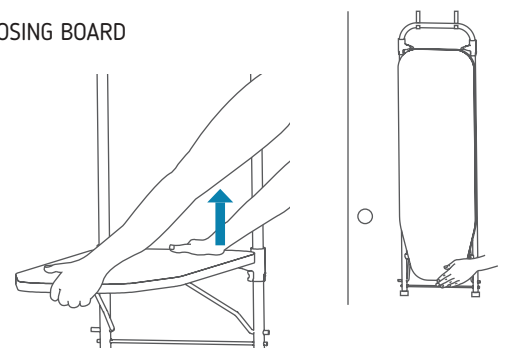

Place hand on frame and push securely towards door while pulling nose of board away from door with other hand.

OPENING BOARD

Once board is fully extended, push firmly down on rear until board fully engages. Board is ready for ironing.

CLOSING BOARD

Place one hand on the nose of the board while pulling up on rear of board to disengage. Slide board upward until it locks into place.
