INSTALLATION TIPS FOR FIXED MOUNT

Installation

Part	Description	Part	Description
A	Wall clip	E	Support bracket
B	Regular duty shelf	F	Closet rod support bracket
C	Closet rod end cap	G	Shelf end cap
D	Closet rod		

Installation Tips for Fixed Mount:

1. Wall Clips should be installed no more than 2 in. from each end of shelf. Install additional clips between these at a spacing of no more than 12 in. between clips.
2. Support Brackets should be installed 2-3 in. from each end of shelf. Install additional brackets between these at a spacing of no more than 36 in. between brackets.
3. Ensure the space between two installed Closet Rod Support Brackets is no more than 36 in. apart and avoid any overhang of more than 6 in. at each end of the closet rod.
4. Note: It is best to distribute weight evenly on the shelf and the closet rod as to give your closet system the greatest strength and durability.
