BEFORE STARTING

- Read each step carefully before starting. It is very important that each step of instruction is performed in the correct order. If these steps are not followed in sequence, assembly difficulties will occur.
- Make sure all parts are included. Most board parts are labeled or stamped on the raw edge.
- Work in spacious area, preferably on a carpet, near the place the unit will be used.
- Have the following tools close at hand.
- Do not use power tools to assemble your furniture. Power tools may strip or damage the parts.

HELPFUL HINTS

- Visitar nuestro website para mirar los videos cortos del montaje.
- Call our toll free number if you need assistance.
- Compression dowels are tapped in with a hammer.
- Back panels provide stability and support. Use all the nails provided. Units without the back panel installed may collapse.
- When tapping nails into a board, be sure there are equal margins on all side to square the unit.
- Move your new furniture carefully, with two people lift and carry the unit to it's new location.
- Never push, drag or scoot your furniture (especially on carpet).
- Your ALTRAFURNITURE can be disassembled and reassembled to move.
- Additional parts are available for a nominal fee.

IMPORTANT

This unit is designed to be securely attached to wood stud drywall. This product should only be installed by a qualified person. Failure to do so might result in personal injury and /or property damages. For any questions, please contact our customer service at 1-800-489-3351

Installation to Wood Stud Drywall

- Using a stud finder, locate and mark center of studs. Verify stud location by driving a thin nail in the wall.
- Using 1/8 inch drill bit, drill (8) holes through wood studs. These pilot holes will make driving the screws through wood stud easier.
- Use (8) screws, supplied with this product, to attach the unit to wall. Make sure screws are fully seated and unit is securely attached to the wall.

For Masonry, Concrete, or other Walls and Structures

Consult your local hardware store for appropriate anchors to securely attach the unit.

7

Attach shelves (A&B&C) to assembled frame as shown.

8

Attach back panels (D&E) to assembled frame as shown.

Use enclosed wire clip to keep the wires together.
Use el gancho cercado de alambre para mantener los alambres juntos.

9

It is very important to use correct bolts in attaching the back side of TV to upright rails (vertical bar). We strongly recommend taking measures to prevent the TV from toppling over. Unsecured TV may topple and result in property damage, serious bodily injury or even death.

Be sure to use the bolts supplied with the TV when attaching upright rails to the TV set. If bolts are not provided, please follow the following steps:

1. Please read Operating Instruction or Owner's Manual of your TV to determine the type and size of bolts. If you cannot find it, Please call your TV manufacturer for this information.
2. Altra Furniture has enclosed assortment of bolts, washers, and spacers in plastic bags that should work with most of TV sets. If you are unable to find correct bolts, please consult your local hardware store.
3. Be sure to use correct bolts (specified by the manufacturer) to attach your TV set to upright rails (vertical bars) as shown in the diagram.

Note: Nylon spacers should be used if your TV set has recessed holes or an obstruction on the back that prevents it from sitting flush against the rails.
