

Chimney Cleaning Kit-Guard Against Dryer Fires!

360-DEGREE
NON-DESTRUCTIVE
NYLON BRUSH

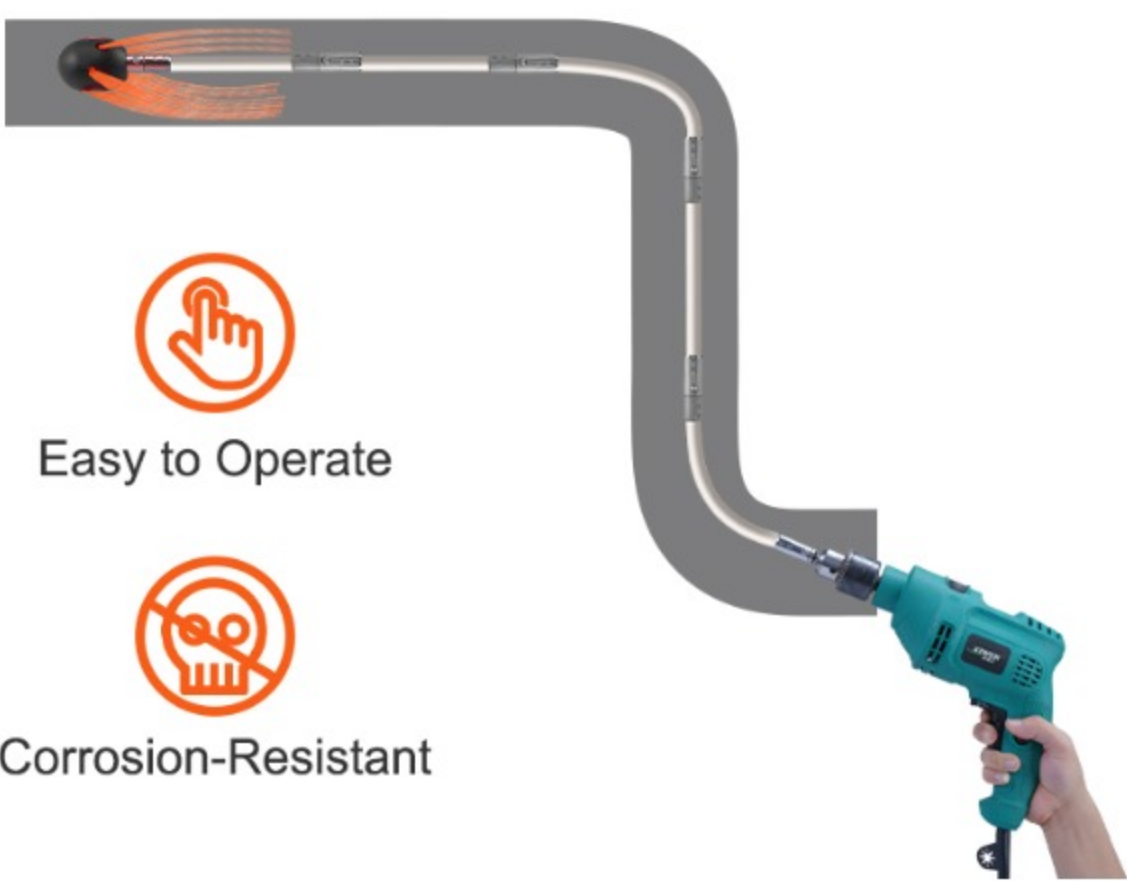

Make Chimney
Cleaning Come Naturally

VEVOR Chimney Cleaning Assistant makes your cleaning tasks easier. Compared to regular kits, our chimney cleaning kit is more robust and durable, reducing your maintenance expenses.

EASY PASSAGE
THROUGH A 90
DEGREE BEND

0.47 in / 12mm Can Easily
Pass Through Various Chimneys

Our durable composite nylon bristles generate powerful 360-degree rotation force, effortlessly removing accumulated dirt from the fireplace, significantly improving fireplace performance.

EASY AND CONVENIENT ASSEMBLY

Connected To An Electric Drill For Improved Cleaning Efficiency

1

Prepare Two Poles

2

Connect the Rod Head and Brush Head

3

(Hand Electric Drills are Optional, Require 24V or Above 500W)
Install the Chuck Connector Drill Pipe onto the Electric Hand Drill

The chimney rods are made of high-quality nylon, offering great flexibility to navigate through those tough chimney bends for effective cleaning.

CREATING A WARM HOME FOR YOU

Easily Handle Chimney Soot Blockage

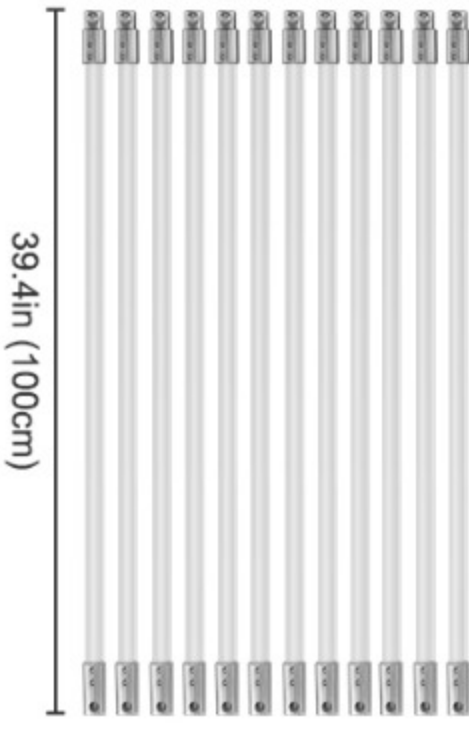

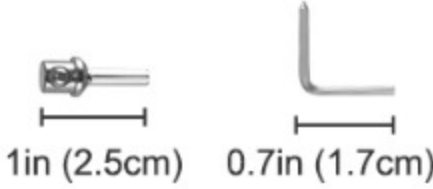

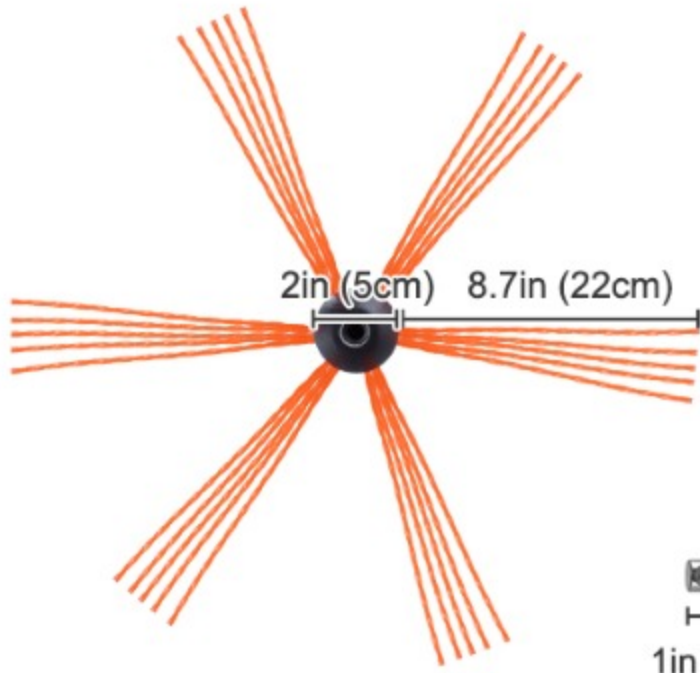

Each section of the chimney rod is equipped with sturdy alloy spring locks to ensure it stays securely fastened in any rotation direction, allowing for high-speed ash and debris removal.

EXTENSIVE USAGE

Easily Handle Chimney Soot Blockage

Our chimney cleaner ensures a more thorough burn in your fireplace, making your room warmer while also helping you save on professional chimney cleaning service fees.
