## FAST AND POWERFUL

Hap System's SuMo™ pipe hangers are designed to hold pipes securely and provide protection from nails or screws.

- Powder coated to prevent galvanic corrosion. Designed for indoor and outdoor installation.
- Can be used for all pipe types: PVC, CPVC, Copper, PEX, etc. Holds pipes horizontally or vertically.
- Quick installation: Hap System SuMo pipe hangers are installed in 10 seconds with a screwdriver vs 2 minutes with older methods that require up to 5 tools for installation.
- The propriety spring steel allows pipes just the right amount of "give".
