

# Photo Ledge Shelf Installation Instructions

---

- 1) Place photo shelf on the wall, making sure the shelf is level**
- 2) Along the back of the photo shelf there are two pre-drilled holes**
- 3) Insert a screw (not included) into the hole then screw into the wall**
  - It is recommended you screw into a stud whenever possible
  - Depending on your wall type you may need to use a wall anchor.
