

# Go Beyond

## Bounty's Sustainability Promise

When you use Bounty paper towels, you are making a responsible choice. 100% of the virgin fiber in Bounty comes from sources that have been 3rd party certified. And, for every tree we use, at least one is regrown. We are committed to go beyond what it takes to create collective solutions that have a greater impact on people, forests and the world.

## Forests

Go beyond to restore, grow and protect forests globally

### Restore

Help the Arbor Day Foundation reach tree planting goals, including planting two million trees via the California Wildlife Restoration Project

### Grow

Work with experts to increase the number of forests acres that are FSC® certified in the U.S. and Canada

### Protect

Train private forest owners on the value of certification
