

**Metal:**

To maintain use only mild soap and water with a non-abrasive clean cloth.

**Wood:**

Wood is a natural material with variations of color shade, configuration, streaks, and grain structure. Each individual piece of Safavieh furniture has characteristic markings that will differ from photo and showroom samples. Regular attention and maintenance of fine furniture can ensure its beauty for years to come. Always use felt pads under all articles to prevent discoloration or softening of the lacquer. Plastic and rubber bases on items can discolor wood. Wipe up spills immediately and avoid common hazards such as hot dishes, harsh solvents and abrasives. Cleaning should be done with a soft lint free cotton cloth dampened with water or furniture polish.
