SOLAR DOCK LIGHTS

Solar Dock Lights

The solar panel automatically gets charged during the daytime and illuminates at night. And the battery of our driveway lights can storage the solar power and transfer it to 80 hours lighting(fully charged).

DIE CAST ALUMINUM MATERIAL

Rust-proof

Sturdy

Wear-proof

Die Cast Aluminum Material

The solar driveway lights with a high-quality aluminum frame can withstand up to 45 tons of pressure, and no worry about the car running over the dock lights. Besides, the IP68 waterproof rating is enough to cope with heavy rain.

BRIGHT LED BULBS

- ✓ 400-500Lux Light intensity
- ✓ Illuminate the space within a radius of 875 yards

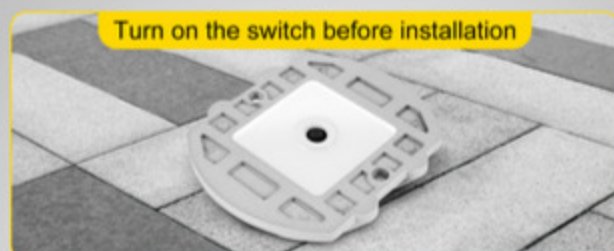

- ✓ 6 PCS LED Bulbs
- ✓ Double-sided Lighting

Bright LED Bulbs

Each solar dock light is equipped with 6PCS 5 mm LEDs, glow bright light colors to light up more than 875 yards. It can provide enough lights and ensure the security of night or bad-weather driving.

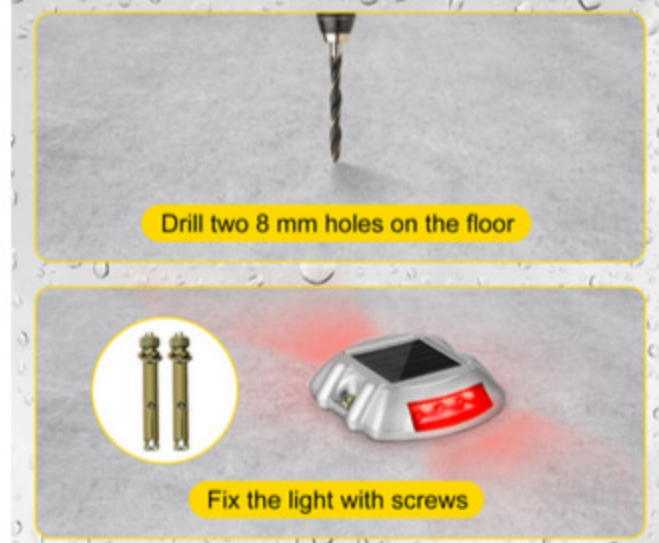

SWITCH BUTTON

Switch Button

The solar deck lights feature a switch button at the bottom to avoid the power-draining problem during transport and storage. Just turn on the button before setup, and you can cover the panel to check if the light is on.

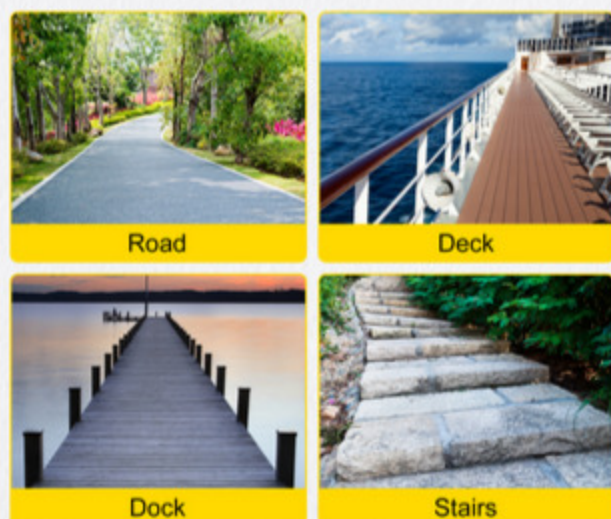

EFFORTLESS TO INSTALL

Effortless to Install

On the contrary to powerful functions, it is pretty easy to install. Just fix screws through double-sided holes into the ground tightly. No extra tools are needed, except a screwdriver.

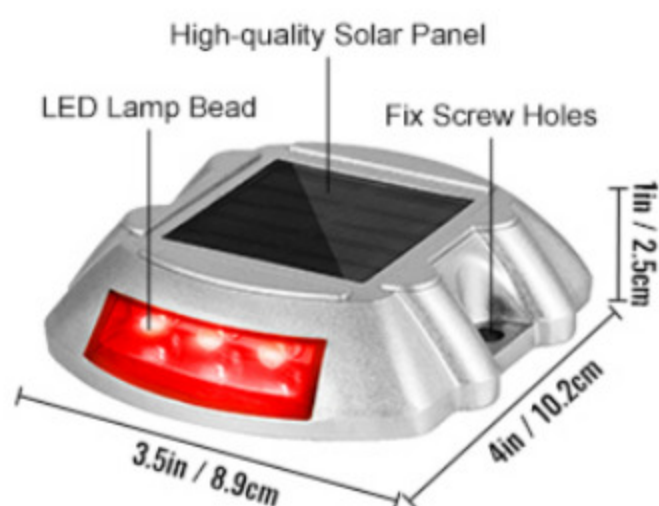

WIDE APPLICATIONS

Wide Applications

The solar-powered dock light is suitable for road, path, deck, dock, driveway, garden, walkway, sidewalk, garage path, stairs, etc. Bright up your way home.
