

Floor Bumper Style Door Stop Installation

DS-3003, DS-3004, DS-3005, DS-3006, DS-3009

1. Open the door to the point where you want it to stop. Ensure that the doorknob is approximately 2 inches from the wall.
2. Pencil mark the inside edge of the door, on the side with the hinges.
3. Place the bumper with its circumference on the edge of the door pencil mark.
4. Make a pencil mark around the bumper.
5. Find the center of the bumper mark and draw an X.
6. With a drill tool, drill a hole through the X mark for the length of the fastener.
7. Separate the top and the body of the bumper.
8. Fasten the body part of the bumper to the floor.
9. Tighten the top of the bumper to the body.
