

ScratchCure

FLOORING & FURNITURE REPAIR PEN

Perfect for Wood & Laminate!

DESCRIPTION:

CALFLOR ScratchCure Repair Pens are great for quick and easy touch-ups of scratches on laminate, wood, flooring & furniture. These pens come in shades that are BUILD-ABLE, starting out light, more strokes brings darker color. ScratchCure also features two different tip sizes, so no matter the size job, you'll have the right tool.

Ideal for laminate, wood, and vinyl furniture & flooring!

DIRECTIONS:

Clean area, making sure to remove dust and any oils from polishes or cleaning products. Test an area to make sure pen is a good match. Lightly apply and buff between coats. Build coats to achieve a darker match.

TIPS AND TECHNIQUES:

- For lighter colors, start with one coat, buffing between applications. Rubbing alcohol can dilute pigment if a lighter match is needed.
- For darker colors, multiple coats will be needed. Buff color between coats to ensure even color saturation.
- Dabbing with the pen tip will darken areas.

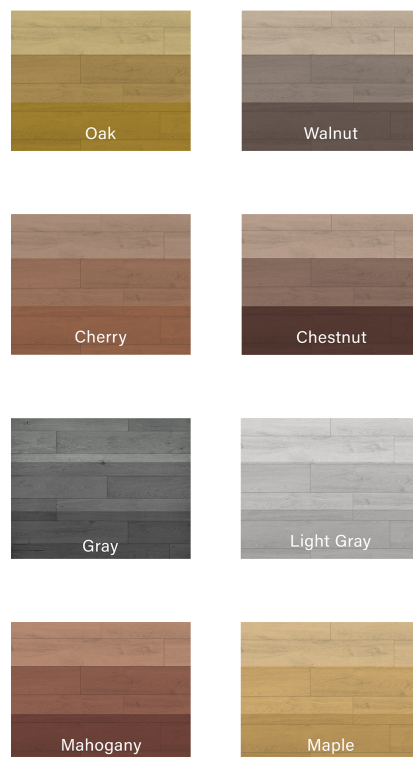

FOR USE ON:

Floors, Fixtures & Counter Tops, Wood, Laminate, Tile, Stone, Vinyl.

Non-Toxic

Non-Flammable

Made in U.S.A.
