WHY YOU SHOULD USE THIS PRODUCT:
When used as directed, this product cleans all filter types and helps the filtration system to work more efficiently.
For crystal clear pool water, follow our **HTH® 4 step pool care** program: Step 1: Test and adjust pool water balance, Step 2: Sanitize, Step 3: Shock treat your pool at least once a week, and Step 4: Add algacide regularly.

HOW TO USE:
DIRECTIONS FOR USE AS FILTER CLEANER: Cartridges and Removable D. E. Elements
1. Remove elements and rinse with clear water.
2. Prepare a solution by adding 1 bottle of **HTH® Pool Care Filter Cleaner** to 5 gallons of water in a large plastic bucket. Prepare enough solution to cover filter. For heavily soiled cartridges add 2 bottles of **HTH® Pool Care Filter Cleaner** to 2 gallons of warm water in a large plastic bucket.
3. Place the filter cartridge or D.E. elements in the cleaning solution and soak overnight (12 - 16 hours). Lightly soiled elements can be soaked for as little as 6 hours.
4. Rinse filter thoroughly with clean water and replace.
5. Filter elements should be allowed to dry before installing in the filter unit if they are going to be stored.

DIRECTIONS FOR USE AS FILTER CLEANER: Sand Filters
Option 1: Adding directly to sand filter through filter lid:
1. Backwash filter for up to 1 minute. Move valve to "closed" position. Drain filter.
2. Use 1 bottle of **HTH® Pool Care Filter Cleaner** for small sand filters up to 2 feet in diameter or 2 bottles of **HTH® Pool Care Filter Cleaner** for larger filters.
3. Add the product to the filter by removing filter lid and pouring directly into top of filter.
4. Follow steps 7-11 below.
Option 2: Adding through pool skimmer:
1. Backwash filter then shut pump OFF. Drain filter.
2. Move the valve to the backwash position, then turn pump ON.
3. Use 1 bottle of **HTH® Pool Care Filter Cleaner** for small sand filters up to 2 feet in diameter or 2 bottles of **HTH® Pool Care Filter Cleaner** for larger filters.
4. Slowly pour product into skimmer with pump running. Do not allow the pump to run dry.
5. Continue adding **HTH® Pool Care Filter Cleaner** until the product begins to come out of the backwash port.
6. Shut pump OFF once, move handle to "closed" position.
7. Allow the filter to soak 12 hours or overnight.
8. Next day, backwash until backwash water is clean and no foam is visible. Turn pump OFF and set valve to rinse position.
9. Next, turn pump ON and rinse for about 30 seconds.
10. Turn pump OFF and set valve to filter position.
11. Return filter to normal operation.

DIRECTIONS FOR USE AS BACKWASH AID: Sand and D. E. Filters
NOTE: Be kind to the environment. When backwashing, do not discharge water into lakes, streams or ponds.
1. Turn off pump and set valves to backwash position.
2. Turn the pump ON and slowly add **HTH® Pool Care Filter Cleaner** to skimmer. Use 1 bottle of **HTH® Pool Care Filter Cleaner** for sand filters up to 2 feet in diameter or D.E. filters to 1 foot in diameter. Use 2 bottles of **HTH® Pool Care Filter Cleaner** for larger filters.
3. Backwash until the backwash water is clear and no foam is visible.
Sand Filters
1. Turn pump OFF and set valve to rinse position. Turn pump ON and rinse for about 30 seconds. Turn pump OFF and set valve to filter position.
2. Return filter to normal operation.
D.E. Filters
1. Turn pump OFF and set valve to filter position.
2. Add D.E. per manufacturer's recommendation and return filter to normal operation.

STORAGE AND DISPOSAL:
Keep this product in its original, tightly closed container in a cool place when not in use. Do not store in direct sunlight. Use entire contents, then triple rinse and offer for recycling or dispose in accordance with state and local regulations. Do not reuse empty container.

PRECAUTIONARY STATEMENTS:
HAZARDS TO HUMANS AND DOMESTIC ANIMALS.
CAUTION. May cause eye irritation. May be harmful if swallowed. Avoid contact with eyes, skin and clothing. Wash hands thoroughly after handling. Do not mix with other chemicals.

FIRST AID: IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF ON SKIN OR CLOTHING:** Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice. **IF SWALLOWED:** Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. **IF INHALED:** Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.
IN CASE OF EMERGENCY CALL: 1-800-654-6911
