

PRODUCT INFORMATION

Before applying Carpet Protection, please review the following guidelines carefully to ensure optimal results:

- For use exclusively on synthetic fibers; NOT suitable for oriental rugs, wool, or natural fiber carpets. Use only on completely dry carpets.
- Carpet Protection is designed for use on carpeted surfaces only. Avoid applying Carpet Protection to non-carpet surfaces or allowing it to extend beyond the carpet onto laminate, hardwood, luxury vinyl planks or any other hard surface.
- Carpet Protection provides temporary coverage for up to 30 days and should be removed on or before the 30th day.
- Failure to comply with installation instructions will void warranty.
- **WARNING:** To avoid danger of choking or suffocation, please keep this plastic film away from babies and children.

INSTALLATION INSTRUCTION

STEP 1.

Begin by peeling back the edge of product then carefully unroll it.

STEP 2.

Gently pull the film from the roll to identify the direction in which it unwinds.

STEP 3.

Position the film with the adhesive side facing down onto the carpet.

STEP 4.

Initiate the roll by pressing down slightly, then push it along the desired path.

STEP 5.

As you unroll the film to the required length, apply light pressure on top and trim with a utility knife or sharp edge.

STEP 6.

Remove by lifting the film at an edge, pulling it off, and discarding it.
